Starvation Winning Card in War

SIDE BEST ABLE TO CONTROL FOOD WILL BE VICTOR

That Is View Taken by Herbert Hoover, Food Administrator, in Address to Convention of U. S. Chamber of Commerce.

STARVATION WEAPON USED BY BOTH SIDES

Allies Blockading Food From Germany, and Latter Sinking Food Ships of Allies--United States Must Conserve Food and Increase Production.

Atlantic City, N. J., September 19.—Herbert C. Hoover, the food administrator, speaking on the world food situation tonight, declared that starvation would win the war and the side best able to organize its resources for food production and conservation would come out victor.

"The food situation of America and the allies is such," said Mr. Hoover, "that the neutral countries of northern Europe cannot hope to get food from the United States unless they expect to furnish equivalent service in other directions to the common pool against Germany."

Lord Northcliffe, head of the British commission in this country, told of his work as purchasing agent for Great Britain and how he is spending between fifty and sixty million dollars a week. He also described some fundamental changes in industry that the war has caused in Great Britain and predicted that some of these changes would take place also in the United States.

"Food has since the war began generally assumed a larger place in the economics, the statesmanship and the strategy of warfare," Mr. Hoover told the delegates to the war convention of the United States Chamber of Commerce.

"The allies," he added, "are blockading the food from Germany and the surrounding neutrals are under great pressure to export their supplies both ways. The Germans are trying to starve the allies by sinking the food ships and all governments are faced with reduction of consumption, stimulation of production, control of prices and readjustment of wages. The winning of the war is largely a problem of who can organize this weapon.

Limitation of Supplies.

"There has come about not only a limitation of supplies, but an accumulation in accessible markets. The results of these cumulative forces is that North America is called upon, by both allies and neutrals, for quantities of food far beyond its normal export ability.

"If the extremely high prices thundering at every door were not a sufficient demonstration, it is possible, by actual figures, to prove that we have been exporting in many commodities actually beyond our capacity to produce. During the last year we have exported every last ounce of wheat the country during this period was capable of producing and our national stock of cereals and animal products, proportionate to our population was, at the beginning of this harvest, the lowest in our history, and many of us have been under the keenest anxiety lest we would face absolute shortage. This anxious period is now happily passed.

"The demand in many commodities during the coming year is beyond our capacity to furnish if we consume our normal amounts. The necessity of maintenance of the allies is our first line of defense and our duty to humanity in feeding the neutrals' demands of us that we reduce our every unnecessary consumption and every waste to the last degree and even then the world dependent on us must face privation. Owing to the limitation of shipping we must confine our exports to the most concentrated foodstuffs, grain, beef, pork, dairy products and sugar."

High Food and Price Control.

Of high food prices and the need for price control, Mr. Hoover said: "We have all listened to the specious arguments of the high prices heralded as the mark of prosperity and to possess economic advantages. It is advocated as a conservation measure. It is true high prices reduce consumption, but they reduce it through the methods of famine, for the burden is thrown on to that class of the most limited means and thus the class least able to bear it. There is no national conservation in robbing our working classes of the ability to buy food. Real conservation lies in the equitable distribution of the least necessary amount, and in this country we can only hope to obtain by voluntary self-denial and voluntary reduction of waste. It is obvious that our people must have quanti-

POWER OF COUNCIL OVER WATER GRANTS ADMITTED BY BOARD

Five Petitions for Water Taps, Outside Limits of Atlanta, Referred to That Body for Action.

BOARD TAKES NO ACTION ON ASHFORD PARK PLAN

Acknowledges Receipt of Resolution, But Refuses to Consider Rescinding Grant Pending Injunction Hearing.

Although acknowledging council as supreme dictator in grants of water privileges outside of the city's limits by referring to that body for approval five petitions for water taps, the water board Wednesday afternoon refused to take action on council's communication suggesting that the board rescind its former action in allowing the Ashford Park corporation to extend water mains out Peachtree road to Camp Gordon to establish there a mercantile center.

Hearing upon the petition of the Atlanta retail merchants for a permanent injunction against the water board, in order to prevent the grant of this water, will begin before Judge Bell at 9:30 o'clock today. A temporary restraining order is now in effect.

W. Zode Smith, superintendent of waterworks, notified Assistant City Attorney Sam Hewlett, after the board's meeting Wednesday, that he had no answer to file to the merchants' petition for injunction, which prevents the Ashford Park concern going ahead with the work.

Victory for Merchants.

This action on the part of the superintendent of waterworks is taken a distinct victory for the retail merchants, as it means that the head of the waterworks system will show no cause why Ashford Park corporation should be permitted to use the city's water. Superintendent Smith recently stated that the time had come when a "straw might break the camel's back," when cross-examined concerning the wisdom of further extensions of water mains outside the city's limits.

The water board also "took a shot" at residents living without the city's limits at Wednesday afternoon's meeting. A resolution was introduced, proposing to increase the minimum monthly water rate from $1.20 to $2, and to add to this an additional cost of 50 cents for reading meters outside the city's limits. This resolution was referred to city council for approval.

Industrial plants and military camps are excepted in this paper.

Alderman John S. McClelland, ex-officio member of the water board, stated after the meeting that the board was showing "class distinction" in refusing to recognize council's wishes in the Ashford Park matter.

"Class Distinction."

"The water board," he said, "has shown class distinction in sending five petitions for water taps without the city's limits to council for approval and refusing to recognize council's wishes that the Ashford Park grant be rescinded. I would not be surprised to see council vote at its next meeting to prevent Ashford Park from securing water from Atlanta. Council is convinced that it is unfair to Atlanta's merchants to allow other merchants to establish a mercantile center at Camp Gordon."

Had it not been for the insistence of John J. Woodside, a member of the water board, who formerly favored the Ashford Park a grant but now has changed to the side of the merchants, the water board would not even have acknowledged receipt of council's communication on the Ashford Park situation.

The board was on the point of adjournment when Mr. Woodside urged consideration of the communication. Upon his insistence William J. Davis moved that the board acknowledge receipt of the communication, but hold that council's wishes are now being carried out in view of the fact that Judge Bell's injunction prevents the Ashford Park corporation from getting city water at present. This motion was carried.

That section of the recent amendment to the city's charter which delegates to city council control of water mains and water privileges outside the city's limits is as follows:

Charter Amendment.

"Section 2 of charter amendment:

"That the mayor and general council of said city (Atlanta) be and they are hereby further authorized to extend the water mains, pipes and appliances of its system of waterworks and, also, to erect and maintain pumps, reservoirs and all necessary appliances by which water is collected and distributed without the limits of the said city and further, to extend its system of waterworks without the limits of said city, under such regulations as they may see fit to establish, and further to maintain and extend its system of waterworks, as now or hereafter established, not only to points without said city and within county of Fulton, but to points within adjoining counties under such rules and regulations as they may see fit to establish.

"Section 3:

"That all laws and parts of laws in conflict with this act are hereby repealed."

Charles T. Hopkins will represent the Ashford Park corporation at today's injunction hearing before Judge Bell. Assistant City Attorney Sam Hewlett will represent the city and water board. Opposing this array of legal talent will be the attorneys of the retail merchants, who are Harison Jones and the firm of Robert C. & Philip Alston.

Fay Wilson, who also has changed his mind and now favors the stand taken by the merchants, was not present at Wednesday's board meeting, being unable to get leave of absence from his military duty at Macon.

Selectmen Pouring Into Camp Gordon Wednesday

Top: Throngs of selcetmen from Georgia, Alabama and Tennessee as they alighted from the first troop train arriving at Camp Gordon Wednesday. Bottom, left: Group of Crawford county, Georgia selectmen being assigned to the 325th infantry. Bottom, right: Lieutenant Colonel Preston Brown (center), chief of staff 82nd division, and Congressman John Q. Tilson (left), ranking republican member of the house committee on military affairs, leading the march of 500 selectmen, who arrived on the first troop train of the day, from the station to the receiving quarters.

29 BRITISH SHIPS SUNK BY U-BOATS IN THE PAST WEEK

Eight Vessels Were of 1,600 Tons; Twenty Ships Were Under 1,600 Tons, and One Was a Fishing Boat.

London, September 19.—British merchant ships of 1,600 tons and over sunk by mine or submarine during the past week numbered eight, according to the admiralty report tonight. Twenty ships under 1,600 tons were also sunk and one fishing vessel.

"The summary:

"Arrivals, 2,695; sailings, 2,737."

"British merchant ships over 1,600 tons sunk, eight; under 1,600 tons, including nine previously, twenty.

"British merchant vessels unsuccessfully attacked, six.

"Fishing vessels sunk, one."

The foregoing number of vessels of more than 1,600 tons is the smallest sunk by mines or submarines in one week since Germany began her intensified submarine campaign last February, but the number under 1,600 tons is the largest for any week but one since mid-February. The total number of ships sunk is the largest since the week ending June 23.

The admiralty statement for the week ending September 9 showed twelve British vessels of more than 1,600 tons sunk by mines or submarines. That was the lowest mark since the week ending March 10, when thirteen vessels of that category were lost. The greatest number of vessels under 1,600 tons was in the week ending May 5, when twenty-two went down.

Rome, September 19.—The Italian shipping losses on all seas for the week ending September 16, an official statement says, were one steamer under 1,500 tons and one small sailing vessel.

Germany Is Beaten, Admits Staff Chief Of the German Army

HOWARD SUCCEEDS JOSEPH RICHARDSON

W. H. Howard, secretary of the Southeastern Passenger association, was appointed chairman, succeeding Joseph Richardson, who died about a year ago, at a meeting of the executive board of the southeastern carriers, in session in Washington Wednesday.

Mr. Howard was born in Cartersville, Ga., August 23, 1878, graduated from public school in 1892, and in 1893 entered the law office of the late Judge John W. Aiken, and was connected with him until 1899. In the meantime he acted as official reporter of the Cartersville city court and reporter for the superior court, Cherokee circuit, and spent a part of his time reading law. He came to Atlanta in May, 1899, to accept a position as stenographer in the office of S. H. Hardwick, who was at that time assistant general passenger agent of the Southern railway, Atlanta. He then went to Washington in January, 1901, as secretary to Mr. Hardwick, when he was appointed general passenger agent of the Southern railway.

In April, 1902, he returned to Atlanta as assistant secretary of the Southeastern Passenger association, and was appointed secretary in November, 1904, which position he has filled since that date.

Mr. Howard, while living in Cartersville, was intimately associated with the late Samuel P. Jones and T. H. Smith ("Bill Arp"), doing stenographic work for them for several years.

Gen. Von Freytag-Loringhoven, Head of Supplementary General Staff, Says German Offensive Was Too Weak to Overthrow Allies.

Zurich, Switzerland, September 19.—General Baron von Freytag-Loringhoven, chief of the supplementary general staff of the German army, has published a pamphlet entitled "The Results of the World War," in which he says:

"The general political and economical situation of the world works only in favor of our enemies and the German soldiers will be defrauded of the fruits of their victories."

The general thinks that trench warfare was a great mistake and says that only an aggressive attack could have brought successes. He adds, however, that the German offensive was not strong enough to overthrow the allies.

The Post, of Munich, expressed the hope that the reasonableness of the general's utterances will teach the pan-German "who would fight to conquer the whole world with their mouths," to estimate correctly the limitations of Germany's military power. The Post continues:

"Our world economic position must be changed completely by a new administration of our foreign policy, based on democratic principles. Therefore, we do not require a strong peace against the east and the west, which would bring us into opposition with all the great powers, but a far-sighted and lasting peace by agreement."

THOUSANDS ADDED TO THE POPULATION OF BIG ARMY CAMP

All Afternoon and Night Special Trains Arrive at Cantonment, Bringing Recruits for Uncle Sam.

THE SPIRIT OF 1917

Here's the spirit of the national army:

He was a big six-footer. As he stood on the little porch leading into the receiving station at Camp Gordon, the veins stood out blue above his collar.

Twenty feet away a blue-eyed girl, perhaps of 18, was crying upon her father's shoulder.

"I won't come back till it's impossible for any guy to sit behind a mahogany table 10,000 miles away and make her cry," said the six-footer, as he strode through the door to register!

The first thousands of the 40 per cent quota of national army men to be trained in the Eighty-second division poured into the great receiving station, at Camp Gordon, from Wednesday noon on through the night in an almost continuous stream, and by this morning there are expected to be more than 5,000 additions to the great army-city.

The exact number of men scheduled to arrive Wednesday was 5,530. Of these only nine had arrived up until noon Wednesday.

A few minutes after noon, a long special train bringing men from north Georgia and Tennessee backed into the siding at Camp Gordon, bringing ap-

BREAK FAVORED BY 23 SENATORS; ONLY 1 OPPOSED

Resolution Goes to the Chamber of Deputies, and Public Feeling Is Strong for Its Final Passage.

WASHINGTON PLEASED BY ARGENTINE ACTION

Argentina Would Be Welcomed in the War, and Even Rupture of Relations Would Have Powerful Effect in South American Countries Where Pro-German Influences Are Strong

Buenos Aires, September 19.—The Argentine senate, by a vote of 23 to 1, today declared for the breaking off of relations with Germany.

The resolution now goes to the chamber of deputies. There is strong public feeling in favor of its final passage.

ACTION PLEASING TO WASHINGTON.

Washington, September 19.—News that the Argentine senate had voted overwhelmingly to sever diplomatic relations with Germany was received in Washington tonight with gratification and no little surprise.

Officials had recognized that recent disclosures concerning cablegrams sent to Berlin by the German minister at Buenos Aires, through the Swedish foreign office, had aggravated the situation brought about by Germany's sinking of Argentine ships, but it had been assured that with the German minister handed his passports no further official action would be taken pending receipt of Germany's explanation of the messages.

Although it is understood the state department's purpose in making public copies of the cablegrams was only to expose the German government's wide system of duplicity and intrigue, it is no secret that Argentine's participation in the war would be welcomed.

Even the breaking off of relations, it is pointed out, would have a powerful effect on public opinion in all South American countries where German influences are known to be strong. That action also probably would result in considerable material benefit to the allies by restricting Argentine grain and meat exports to neutral countries through which they might find their way to Germany. Argentina is now the only great neutral food-producing country.

NO SAFE CONDUCT FOR VON LUXBURG.

London, September 19.—It is learned that Great Britain does not at present intend to approve any application for a safe conduct for Count von Luxburg, the German minister to Argentina, whose passports have been handed to him by the Argentine government.

UNITED STATES EXPECTS SWEDEN TO ADMIT GUILT

Washington, September 19.—Sweden's official reticence concerning the exposures made by Secretary Lansing of the part her diplomatic agents have taken in transmitting German messages is regarded here largely as a cloak to cover what must necessarily be an embarrassing internal reform.

Officials of the state department today made no effort to conceal the fact that the United States is disposed to accept the unofficial statements of re-

C. F. von HERRMANN, Meteorologist, Weather Bureau.

gret and indignation from Admiral Lindman, minister of foreign affairs at Stockholm, as a true indication of the Swedish people's attitude. Cablegrams from London have quoted a spokesman of the British government as saying that the same admissions made to it by the foreign minister would be regarded there as satisfactoray.

Until official admission of a measure of guilt is made, however, and promises of greater care in the future are given, it appears improbable that Swedish diplomatic representatives will be afforded the same facilities for the transmission of their dispatches.

Although the American government has not placed any restrictions on the Swedish legation here, there is daily evidence that code messages sent to and from Stockholm through cable stations in the control of Great Britain are being subjected to indefinite delay.

Reports from Stockholm that changes in the government would include the placing of Admiral Lindman in the premier's seat have gone far towards convincing this government that the Swedish sentiment has been so aroused that formal assurances will soon come that such incidents as those discovered in Argentina and Mexico will not be repeated.

Interest in the Argentine situation will continue here until that government's course is determined, which can not be until Berlin has replied to Argentina's demand for further explanations. Reports from Argentina have indicated that the administration will be satisfied if Germany disavows the acts of its minister.

The disclosure of the part played by the Swedish representative in Mexico when he acted as messenger for Minister von Eckhardt is not regarded by state department officials as having created a situation demanding any action whatever by Mexico.

THOUSANDS ADDED TO BIG ARMY CAMP

Continued From First Page.

proximately 500 national army recruits. From that moment on Southern tracks of the block in which Camp Gordon was located were rarely free from the long lines of a national army special. At 4 o'clock 779 had arrived and early last night more than 1,500 were in camp. Several thousand more arrived during the night.

Clad in Old Clothes.

All afternoon the giant locomotives thundered into the dust of the great cantonment with hundreds of men and pulled out again with empty cars. All afternoon the procession of young men from every walk of life, clad in nondescript clothes, which they could throw away, marched with light luggage in long columns from the red gulch of the Camp Gordon sidings to the big green Y. M. C. A. auditorium, where the receiving station is located. And long after these men were asleep the hoarse whistles of the national army specials sounded through the night.

The first train load of draft men to arrive were met at the train by Colonel Preston Brown, chief of staff, and Congressman John Q. Tilson, of Connecticut, ranking republican member of the house committee on military affairs, who spent Wednesday at Camp Gordon making an inspection for a report to his committee.

The trains pulled in on the sidings at the big quartermaster's receiving depot and from there the men marched some 500 yards up the dusty road, stopping the tremendous crush of traffic for minutes at the time, to the Y. M. C. A. auditorium, where the receiving officers have established their headquarters, under the direction of Lieutenant Colonel Frederick S. L. Price.

Welcome New Arrivals.

In front of this big building the men from Georgia, Alabama and Tennessee "fell out" into groups according to the state from which they came, and entered the building through separate doors, one for each state, leading to the tables where each state's quota were to be registered separately.

As they entered khaki-clad Y. M. C. A. men introduced themselves and made the arrivals welcome.

Two railings running across the big hall divided it into three sections. In the first section the men sat upon benches until their names were called by the officers in charge and it was ascertained whether all were present.

The arrivals then filed into the second section of the big room, past the tables and registered, which consists of answering the following questions:

Name? Home address? Date of reporting? Height? Weight? Color? Previous occupation? Extent of education? Previous military experience?

The arrival is then asked to check any or the following trades at which he is proficient:

Barber, carpenter, chauffeur, cook, horsemen, machinist, musician, nurse, stenographer, teamster, telegrapher. A blank is left for any trade which the arrival may choose to insert in lieu of the foregoing.

Assigned to Organization.

When the card containing blanks for filling in the foregoing information has been properly filled out the arrival is assigned to organizations in which it is understood their services will be most satisfactory. He then goes into the third section of the room, and is met by an escort.

Most of the first trainload to arrive were assigned to the 325th infantry.

As soon as they had been assigned they were escorted to the administration offices of the organizations of their assignments, where they were assigned to quarters and given an opportunity to rest and clean up a little bit. Then they were "introduced" to the cook and given a good, square meal.

All assignments will be made according to what appears to be best suited to the individual capacities of each man, and it will be impossible for individuals to express choice now as to assignments. Applications for transfer by enlisted men will not be considered until all members of the division have been mustered into the service of the United States.

Start Work Today.

The men who arrived Wednesday will get their first taste of army training Thursday morning, when they will be up with reveille and will go through "setting-up" drills.

Physical examinations will begin Thursday and these examinations are expected to go forward at a rate of about 1,500 men per day until all have been examined.

Many of the new arrivals, it is expected, will receive their uniforms on Thursday, though it may be impossible to give uniforms to all for several days to come.

As the sun of Wednesday settled through the dusty haze of Camp Gordon, the realization that the United States is at real home-reaching warfare moved apace upon the people of Georgia, Alabama and Tennessee. From thousands of farms and other thousands of small towns, familiar figures of yesterday had vanished. From the larger centers scores and hundreds of young men from every sort of business and from cottages and mansions were gone.

The hurt of it extended to Camp Gordon. Mothers and fathers and sisters and sweethearts, too, accompanied many of the men to the doors of the big receiving building, and good-bys were said there without thought for the strange and gazing crowd. Young girls stood about with eyes red and swollen from tears, and, no matter how firm the farewell handshake of father and son, there was frequently a break in the voice.

Quota Came in Auto.

Campbell county's quota came through by automobile, and there were many of the friends and kinspeople of the draft men with them.

Heard county's contingent also came to camp by automobile.

It was a strange and new world, too, to which these men from the sleepy little towns of Georgia, Alabama and Tennessee came, a new world of noise and feverish hurrying activity on all sides. None of the men who came to Camp Gordon Wednesday had ever seen anything like the great new vortex into which they were flung and out of with a different outlook upon everything, different purposes in life and even new and made-over physically.

On every side were men, men, men, khaki-clad, great booming motor trucks shrieking whistles of scores of trains, miles of freight cars and hundreds upon hundreds of new buildings, seeming unintelligible confusion, all working with absolute precision to the end of—

WAR!

STARVATION TO WIN, SAYS HERBERT HOOVER

Continued From First Page.

ties of food and must have them at prices which they can pay from their wages.

"There are few who will dispute the advantage of such regulation as will eliminate speculation and extortionate profits. This is difficult to dissassociate from fixing of prices, yet a great deal may be done by simple regulation and the organization of trades to police themselves under government patronage.

"The large question of the hour is price-fixing for the suspension of the law of demand and supply as an equitable, economic law, is forcing our hand in every direction.

No Law for Retailer.

"We will find as we go on with the war and its increasing economic disruption that first one commodity after another will need to be taken into control. We will, however, profit if we deal with every situation on its own merits. So long as demand and supply have free play in a commodity we had best leave it alone.

"The food administration powers to fix prices lie in expert buying, the power to buy and sell certain commodities and the further power to enter voluntary agreements with producers.

"One illusion in the mind of the public I am anxious to get clear. The food administration, through its own authority and the co-operation of other government agencies, can accomplish a great deal, but it is limited absolutely to that area of commerce between the producer and the retailer. We are stopped in law within this area. We can only use influence on both the retailer and producer and depend upon their patriotism. In this area we can only regulate the flow of trade and hold it to moderate profits and excise speculation. This is an economic step short of price control except where we can accomplish it by indirect means I have quoted above.

"In the food administration we intend to confine ourselves to ten or twelve fundamental staples, those commodities that make up the basis of life."

War Great Business, Says Northcliffe.

Lord Northcliffe said that the United States, as did England, would come to a realization that war is a great business enterprise and that the country must draw its best resources in chemistry, engineering, transportation, manufacturing and distribution.

"Almost all of the industries in our country," Lord Northcliffe said, "have been remade by the war," and, he added, "one of the first practical things done in Great Britain in assisting in the war was to lengthen the day by adding an hour in the morning and dropping an hour in the afternoon.

"You will require vast refrigerating stores for the preservation of meats and other foods for your armies. At this time six months from now you will probably have between 600,000 and 800,000 men in France. Think of the refrigeration machinery you must establish.

"This war is the greatest business the world ever knew, and in our country we are doing nothing else. Let me tell you that you will have to furnish between five and six pairs of shoes a year in the easiest parts of the lines at the front and twelve pairs a year at the hard parts for each of the 600,000 or 800,000 men you will soon have on the front."

Lord Northcliffe pointed out that the average life of a rifle is six weeks, as one instance, in addition to those already cited, of the amount of business organization that must be created in the United States on account of the war.

BRITISH ARTILLERY POUNDING GERMANS

Berlin Reports Destructive Drumfire on the Flanders Front — Rumanians Striking on the Moldavia Line.

New York, September 19.—(By Associated Press. From European Cables of the Day.)—Bombardment by the British artillery of the German lines in the Ypres sector in Flanders continues most intense, but there has been no infantry movement in force. An attack on a larger scale than the usual daily raids probably is imminent.

Berlin apparently is much exercised over the evident increasing volume of shells from the British big guns. From the Houtholst wood, northeast of the Ypres, to the River Lys, on the Belgo-French border, Berlin reports, the British fire has been destructive. Field Marshal Haig's artillery increased its volume of shots to drumfire several times.

As on the front in Flanders and Artois, there has been no major operation on the French portion of the western front. At several points from the Aisne valley to Lorraine the French have made raids into the German defenses. Here, too, the expenditure of ammunition is great, especially on the Aisne front and northeast of Verdun.

The Italians have been more active on the Trentino front, harassing the enemy with raids and strong artillery fire. In a forward movement near Carzano, in the Sugana valley, east of Trent, the Italians captured 200 prisoners. Austro-Hungarian attacks on the Bainsizza plateau continue, but General Cadorna's men have held them for no gains.

While the enemy has been very idle on the northern end of the eastern front, the Rumanians continue their offensive in the mountain regions west of Fokashik, Moldavia. Attacking the Austro-German defenses south of Grozecht, near Ocna, the Rumanians captured a height, Berlin reports, that the Rumanians, at first successful, were driven from the positions, suffering casualties and losing prisoners.

BARBECUE IS ASSURED FOR LOCAL DRAFT MEN

Packers and Bakers Make Liberal Donations for Feast Next Saturday.

The big "cue" for Atlanta's 352 draftmen who go to Camp Gordon Saturday morning for training as soldiers of democracy, was assured Wednesday by the work of Atlanta's meat inspector, Abe Wasser.

W. Zode Smith, waterworks superintendent, and Aldine Chambers, who, with the city hall reporters, are the active backers of the plan to give the boys a big send-off Saturday, Wednesday delegated Inspector Wasser to make a trip around to the meat packers and others early Wednesday morning and get donations. As a result, he secured 300 pounds of pig, 200 pounds of lamb and a large amount of other necessary foods for the big barbecue.

Superintendent Smith is making elaborate arrangements to cook the 'cue at the awterworks station on Hemphill avenue.

One baker told Inspector Wasser that he would give one-half of the bread required for the 'cue, which is 100 big loaves.

The food required to feed 400 selectmen and board members, as listed by Superintendent Smith, is as follows, and donations will be received by telephone by Superintendent Smith or Inspector Wasser at City hall:

Pig, 250 pounds; lamb, 150 pounds; beef, 150 pounds; 100 hens, 130 calf livers, 5 bushels tomatoes, 5 gallons sweet milk, two pecks of onions, 8 pounds of butter, 6 gallons of vinegar, 3 dozen lemons, 1 gallon of Worcester sauce, ½ pound dry mustard, 4 gallons Dill pickles, 15 pounds of salt, ½ pound of pepper, 100 loaves of bread, 200 pounds of ice, 1,000 wooden trays and one roll of paper 3 feet in width.

The big spread will have a most pleasing setting, as it will be set on tables along the banks of the big lakes of the city's reservoir at the Hemphill avenue water station.

The Southern railroad has agreed to stop its trains at Hemphill avenue station to take up the selectmen attending the barbecue, and General Swift has agreed to the plans for the barbecue.

The chairmen of the seven local exemption boards will have a called meeting in Mayor Candler's office at 12 o'clock today and complete details for carrying the selectmen to the barbecue.

SELECTMEN ARE NAMED FOR SEVENTH DISTRICT

Local exemption board for division No. 7 (eighth and ninth wards), announced its selectmen Wednesday, and issued orders to them to report for duty at Camp Gordon Saturday. The selectmen will assemble at 8:30 o'clock at the Georgian Terrace hotel.

The men selected are:

Floyd McRae Bridwell, James Houston McWilliams, Edwin A. Randall, Pierre Audrey Chamberlin, Jacob F. Storz, George Henry Fell, Lewis Healy White, James Butler Wynn, Adial Lamar Foard, William Olle Gibson, Willard Oliver Trammell, James Edmund Brady, James Henry White, Paul Anthony Gregory, Henley M. Sadler, Benjamin Russell Jones, Howard Parker Thorn, Charles Hamilton Pittman, Harold C. McKenzie, Ottie H. Wesley, Frank Berlington Ittner, Robert Olin Bowen, John Schenck Disosway, Redding Sims, G. Aubrey Fisher, Isaac Tucker Taylor, Emile Van Goidtsnoven, Robert Clinton Billings, Charl Philip Brenner, James Kellum Levie, Ralph Hill Bassford, Donald Guyton Thomas, C. Lee Sims, Lester Henry Geiger, George T. Linnen, George B. Hoyt, Clarence Eugene Evans, Maxwell Overton Tupper, Charles Baldwin McDaniel, Jacob Ernest Orr, Charles H. Wood, Alex H. Schlesinger, Paul DeWitte Reid, Perry Bellum Osborne, Jr., Walter Armstrong, Auby Lee Warren, Alonzo C. Lampkin, Robert H. Settles, Charles Moore Yeates, James Guy Juett, John Erwin Justice, Ernest Pottle Baker, Lawrence Dale Hinton.

Jefferson Davis Hunt, Jr., Ike E. McElreath, William Cobb Thibadeau, Frank C. Simmons, Will Parks, Harold Coolidge, Thomas Bolling Clay, Jr., Robert Emmett Smith, Thomas Barron, Hilton Wimbish, Hunter Perry, Edward M. Brown, Herbert Ogden Reeve, Jr., Marshall Cantrell McKenzie, Joseph Allen Boze, Hewitt Womack Chambers, Cecil Kenneth Jones, Ernest Patterson Aiken, James Daniel Palmer, Fred L. Windham, James J. Pettigrew, John McLarin, Francis Cahill, Sylvester Vanburn Freeman, Parker Martin Jones, John Henry Maddox, Jr., Herbert Kaiser and Wallace Thomas Daley.

Major General Eben Swift, commanding Camp Gordon, has moved his residence from the Georgian Terrace to Camp Gordon, and he now occupies quarters near the headquarters building of the Eighty-second division, on Candler road, at the south entrance of the camp.

General Swift was up and on horseback at the camp Wednesday morning at 5 o'clock. He issued orders last Saturday that all organization commanders must be up with reveille, and the chances are he was making a sort of personal "check-up" on his officers.

TOOLE IS ELECTED MAYOR OF MACON

He Carries Every Ward and Defeats W. T. Morgan, Candidate of Administration Faction, by Majority of 263 Votes.

Macon, Ga., September 19.—(Special.) G. Glenn Toole, a Macon real estate dealer, was elected mayor of Macon today by a majority of 263 votes over W. T. Morgan, present alderman from the second ward, and candidate of the administration faction. Toole's total vote was 1,519 and Morgan's 1,256, the former carrying each of the four wards.

The outcome of the election was a surprise to most Macon people who keep in touch with local politics, but the result is accounted for in Mr. Toole's personal popularity. For several years he was potentate of Al Sihah temple of Shriners and was one of the active spirits in securing the army camp for Macon. He succeeds Bridges Smith, who was barred from running again by a provision of the city charter.

In the race for water commissioner today B. L. Hendricks was elected by a plurality of 59 votes, with H. T. Powell, a local banker, running second. Mr. Hendricks is a former city tax assessor.

Ten members of the Toole aldermanic ticket were elected, the only two defeated being J. W. Markham in the third ward and B. M. Rankin in the fourth ward. The two men on the administration ticket elected were Dr. William J. Little and Richard E. Findlay. The members of the new council will be: First ward, J. R. Frink, J. A. Mitchell, S. G. Ryle; second ward, B. F. Merritt, J. M. Haden and J. C. Wyche; third ward, Dr. W. J. Little, C. H. Hunnicutt and R. L. Smith; fourth ward, B. J. Dasher, B. F. Sutton and R. E. Findlay.

Shorter College Begins 40th Session Today; Dr. Porter Speaks

Rome, Ga., September 19.—(Special.) Shorter college will begin its fortieth session tomorrow morning at 10:30 o'clock.

Dr. Henry A. Porter, pastor of the Second Baptist church of Atlanta, will make the principal address of the morning and will be followed by other friends of the college who will speak on general subjects. His subject will be "The Sanctification of the Sword," and will deal with world conditions as they stand today. Dr. L. R. Christie will also be present and have something to say.

Several new teachers will be present: Miss Elizabeth Shearer, who will have charge of the departments of Latin and French; Miss Lillie Eichelberger, who succeeds Mr. Bishop as professor of chemistry; Miss Clara M. Kellogg, who succeeds Mr. Arnett as professor of history; Miss Henrietta Eichelberger, who will be in charge of the department of domestic science; Miss Patti Ellis, the new librarian; Mr. Emmert M. Brackney, who takes the place of Mr. La Motte, and Mr. Stanley Levey, who succeeds Mr. Chiapusso.

Every available space at the college has been reserved and about fifty girls have been refused admission.

The Alliance Players, of the Atlanta Hebrew Educational alliance, offered a "cabaret" show for the entertainment of national army men at Y. M. C. A. building, No. 151, Wednesday night, at Camp Gordon, and furnished a splendid evening's entertainment, for which they won much applause and were compelled to respond to many encores. The "What Do You Want to Make Those Eyes at Me For?" song of little Miss Gertrude Fresch seemed to make the biggest hit of the evening.

The performance was given under the direction of Philip Russ and Harry Feldman.

Camp Gordon Notes

There was very little drilling at Camp Gordon Wednesday.

Many of the officers were busy with the assignment of new men to organizations and quarters, and in addition to this the 5 per cent men who arrived two weeks ago were laid up for a day's rest after having received their second vaccination, on Tuesday, for smallpox, typhoid and paratyphoid.

None of the arrivals of Wednesday received any drill instructions on the day of their arrival, but some of them will be drilled today.

The 5 per cent men will be back on routine training Thursday.

Colonel Preston Brown, chief-of-staff, is one of the smartest dressers of the general's staff when he's "dressed up," as he is most of the time, but when occasion demands, off comes his collar and blouse and on goes a good old-fashioned gray sweater and he is up to his eyebrows in real honest-to-goodness work.

WE'RE going into action for Fall business with many new styles for men.

There's a newness of fabric, freshness in colors, originality in the models and perfect execution that men like in clothes.

Suits that make a man look right and feel right anywhere.

$4.25 For Boots That Were $6 and $7

The Facts of the Case—

These boots are of patent leather, gun metal and vici kid; black; lace and button; kid and cloth tops. And we have most of these styles in **every** size.

Now, of course it isn't within the realm of the possible that new, just-arrived boots of $6.00 and $7.00 value could be sold at **$4.25.** And of course, these are not new, just-arrived boots, but they are good-looking styles that women will want as the "extra" pair, for secondary wear, and they are made of leathers that cannot be had in boots made today for $6.00 and $7.00 selling.

One of the styles is pictured.

M'WHORTER FOUND GUILTY AS BURGLAR

Alleged Leader of Gang of Auto Thieves Will Be Sentenced by Judge Ben Hill Today.

B. H. McWhorter was found guilty of burglary by a jury in Judge Ben Hill's division of superior court Wednesday afternoon. Judge Hill will impose sentence upon McWhorter Thursday morning. Under the law, the sentence may be from one to twenty years, at the discretion of the court.

The case has been on trial in Judge Hill's court all this week, but after nearly three days of argument, the jury took less than an hour to reach a verdict.

McWhorter was tried upon one of eighteen indictments against him in connection with a series of alleged automobile and accessory thefts extending over a period of about three years, and his operations are said by court officials to constitute the most elaborate system of automobile thievery ever laid bare in the Fulton county courts.

Solicitor John A. Boykin stated that he had never seen a case where systematized burglary was more perfectly worked out.

According to the testimony in the case, McWhorter had a number of negroes employed to break into garages and automobile houses and steal tires, accessories and even automobiles. The particular charge on which McWhorter was convicted was in connection with an alleged theft of over $1,000 worth of tires from the Mohawk Tire company, on Auburn avenue, in May, 1916.

Among the witnesses against McWhorter was Jim Peterson, now serving a ten-year sentence imposed upon him last December for his part in the affair, who testified that he was one of the negroes whom McWhorter had hired at $12 a week to do his stealing for him. The testimony developed that McWhorter had stolen not only thouhands of dollars worth of tires and accessories, but a large number of automobiles, which were disposed of in neighboring states.

CONSTIPATION INVITES DISEASE

A reliable laxative is necessary to the comfort and health of an well-ordered household, because constipation is a condition that affects, in greater or less degree, practically every member of the family. When the bowels refuse to act the entire system is affected; digestion is impaired, nerves begin to twitch, foul gases and poisons generated by decomposing substances in the intestines are distributed throughout the body, and often result in serious illness. A prominent French scientist says ninety-five percent of all human disease is directly traceable to inactive bowels.

More than a quarter of a century ago Dr. W. B. Caldwell prescribed a combination of simple laxative herbs with pepsin that is now the standard remedy in thousands of homes. This prescription is sold by druggists for fifty cents a bottle, under the name of Dr. Caldwell's Syrup Pepsin. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 456 Washington St., Monticello, Illinois.

TWO NEW PUMPS FOR WATERWORKS ARE RECOMMENDED

Two new pumps for Atlanta's waterworks stations are among several important improvements recommended by a report adopted by the board of consulting engineers which has been making for some time a most exhaustive study of the waterworks department's needs.

The report recommends the following improvements:

One 10,000,000-gallon electrically driven pump for the river station.

Two water tubes of 300 horsepower each.

A main 42 inches in diameter to reinforce the 30-inch and 36-inch mains which now supply water to the reservoirs from the Chattahoochee river.

A pump of 15,000,000 gallons' capacity for the Hemphill Avenue station.

A new coagulating basin.

A triple expansion engine, vertical-drive type.

A dam on the Chattahoochee river from the Cobb county shore to an island near the waterworks intake to force the water toward the Fulton county side.

The engineers expressed the belief that if the crematory is operated on an efficient engineering basis enough additional motive power can be created to take care of the cost of the electrically-driven pumps.

Two Alleged "Tigers" Charged With Selling Booze Near the Camp

The first violation of the act of May 18 which gave the United States government power to describe a limit around camps and cantonments wherein spirituous liquor might not be sold came to the attention of the government authorities Wednesday when Harry W. Neal and Henry Hamilton were put under arrest by a representative of the department of justice and taken to the DeKalb county jail at Decatur.

Veal and Hamilton were charged with violating the act of May 18 and will probably also be charged with a violation of the state prohibition law, as soon as the government authorities are through with them. United States District Attorney Hooper Alexander gave warning several weeks ago through The Constitution that blind tigers would not be tolerated within five miles of the government reservation. The arrest of Veal and Hamilton is the first instance of alleged liquor selling near Camp Gordon.

PROGRAM FOR DANCE AT LAKEWOOD TONIGHT

Fred Wedemeyer, leader of Wedemeyer's Concert band, has announced the following program of popular dance numbers for the regular Thursday night dance at Lakewood park from 8 to 10 p. m.:

Waltz, "When I Found the Way to Your Heart" (Richardson).
One-Step, "New Orleans Jazz" (Richardson).
Fox Trot, "Along the Way to Waikiki," "I Can Hear the Ukeleles Calling Me" (Whiting-Paley).
One-Step, "Ma Poulette," danse cabaret (Roberts).
Finale, "The Star Spangled Banner."

DR. CHAPMAN PROTESTS HE IS INNOCENT MAN

Americus, Ga., September 19.—(Special.)—Dr. Charles K. Chapman, recently convicted of murdering Walter Wade and sentenced to life imprisonment, today indicated to newspaper men his desire that the following statement from him be published:

"I am an innocent man—just as innocent of this crime as you are. I know absolutely nothing about it, and time will prove that I am telling the truth." Chapman says he made this statement before Judge Littlejohn when sentenced. His attorneys have not yet filed application for a new trial, but are expected to do so soon.

One of the New Bedroom Suites Just Arrived From Grand Rapids

Although the above is a picture of the suite, its real beauty can hardly be appreciated until it is seen in its soft, toned-down brown mahogany.

It is an Adam design, with the characteristic carvings most exquisitely done. In fact, all the cabinet work is about as fine as we've ever seen.

The 54-inch Dresser is	$120.00	The Suite Is $413.00
The Chiffonette is	$110.00	
The Full-size Bed is	$ 98.00	
The Toilet Table is	$ 85.00	

A Wardrobe Trunk For $26.00

A Splendid Buy For the Fall Bride

It is a special, indeed, **quite** a special, for they can't make trunks like this nowadays to sell in the usual run of business at $26.00.

It is of vulcanized fiber; it is strong with brass corners and a heavy brass lock. It has the latest "pull around" hangers—8 of them—it has a hat box; it has a cretonne shoe pouch; it is lined with a daintily figured linen.

The thrifty young woman will see this trunk—and she will be convinced of its value.

A Live Model Demonstration of the Stylish-Stout Corset

Accompanied by An Instructive Lecture 10:30 to 12 M., 2:30 to 4 P. M.

For Women Only

The Stylish-Stout Corset is a revolutionizing innovation in the science of corsetry for the stout woman.

We are anxious that the women of Atlanta shall have the full benefit of it; shall see and know exactly how it slenderizes. To this end we have arranged to have two live model demonstrations between the hours of 10:30 and 12, and two between the hours of 2:30 and 4 p. m. today.

The Demonstrations and Lectures to be Given By Mrs. E. Ward Lillie, An Expert Corsetiere

from the Stylish-Stout factory. She speaks with the authority of splendid experience and certain knowledge. While having to do primarily with the Stylish-Stout Corset, these demonstrations will be well worthy of the interest of all women.

Women will see the correct way to put on a corset, the correct way to lace one, and also how a corset should fit for style, for comfort, for health.

No cards have been issued—this is Everywoman's very cordial invitation and also her opportunity—her opportunity to learn from an authority something of practical value about corsetry.

Second Floor Furniture Store, Adjoining the Suit Section

SOCIETY

Capital City Club.

Among those attending the dinner-dance at the Capital City club Tuesday were:

Mr. and Mrs. C. T. Nunnally, Mr. and Mrs. R. S. Wessels, Mr. and Mrs. W. C. Webber, Captain and Mrs. F. L. Minnegerode, Mr. and Mrs. F. P. Kern, Mr. and Mrs. Jack J. Chambers, Judge and Mrs. L. Z. Rosser, Jr., Mr. and Mrs. Julian Prade, Mr. and Mrs. E. C. Peters, Mr. and Mrs. Frank Meador, Mr. and Mrs. Graham Phelan, Mr. and Mrs. W. W. Abbott, Mr. and Mrs. F. G. Williams, Mr. and Mrs. Clarence Blosser, Mr. and Mrs. Lindsey Hopkins, Mr. and Mrs. George H. Jewett, Mr. and Mrs. H. E. Watkins, Mr. and Mrs. A. V. Gude, Jr., Mr. and Mrs. J. T. Jennings, Dr. and Mrs. Samuel S. Wallace, Mr. and Mrs. Bergstrom, Mrs. B. F. Noble of Montgomery, Mrs. Ashby Hill, Mrs. H. P. Bronk, Mrs. Bell, Mrs. John Hill, Mrs. Welborn Hill, Miss Woolridge, Miss Frances Kern, Miss Jane Crandall, Miss Mildred Kern, Miss Muriel Dougherty, Miss Donaldson, Miss Head, Miss Lucile Kuhrt, Miss Lois McIntyre, Miss Elizabeth Reid, Miss Julia Abbott, Miss Fanny Neal Anderson, Miss Wyckliffe Wurm, Miss Nell Choate, Miss Madeline McCullough, Miss Thomas, Miss Gladys Byrd, Miss Robinson, Judge Roscoe Luke, Mr. Roy Dorsey, Mr. A. S. Priddy, Mr. Van Astor Batchelor, Dr. R. L. Palmer, Major Ralph. U. S. A.; Mr. George W. Harrison, Lieutenant C. M. A. Rogers, Lieutenant Fred C. Jordan, Lieutenant W. W. Abbott, Jr., Lieutenant J. G. Morrisette, Lieutenant E. H. Hobbs, Mr. Carl H. Lewis, Mr. Eugene V. Haynes, Mr. D. W. Rountree, Mr. John Clarke, Lieutenant Patten, Mr. Harry Thompson, Mr. Frank Calloway, Mr. Percy Lambright, Mr. E. G. Ottley, Mr. Edwin H. Borres, Mr. Winter Affriend, Lieutenant Forrester, Mr. F. J. Merin, Mr. William Kiser, Mr. Jed Wilcox, Lieutenant and Mrs. Carl Woodward, of New Orleans.

Spend-the-Day Party.

Mrs. F. B. Chase gave a delightful spend-the-day party yesterday at New Canaan plantation to compliment Mrs. George Stuart, of Montgomery, Ala. One of the attractive out-of-town guests was Mrs. Lyman Chase, of Portland, Ore.

The centerpiece of the luncheon table was an artistic arrangement of autumn flowers and fruits. Covers were laid for ten.

For Mrs. Peabody.

Mrs. W. J. Peabody entertained at two tables of bridge yesterday at home in compliment to Mrs. Frank Peabody, of Montgomery, who is here while her husband, Captain Peabody, is stationed at Camp Gordon. Following the game, luncheon was served in the dining room, the centerpiece of the table being a basket of bright tinted fall flowers.

Farewell Dance.

The Ararat Grotto will give a farewell script dance this evening in the Temple, corner Forsyth and Mitchell streets. All members and Master Masons are invited.

Head-Watson.

Mrs. S. E. Head announces the marriage of her daughter, Lula, to Mr. A. M. Watson, on Wednesday, September 19, 1917, Dr. Richard O. Flinn officiating.

Tea-Dance at the Piedmont Driving Club.

An enjoyable event socially of yesterday afternoon was the tea-dance given on the terrace at the Piedmont Driving club, which assembled seventy-five guests.

Mrs. Claude Frederick entertained Mrs. E. D. Kalkhurst, Mrs. Edward Durant, Mrs. Omar Elder and Mrs. Fred Rogers. Mrs. Clayton Wade, Mrs. Walter George, Mrs. Fairfax Montague, Mrs. Ernest Kontz, Mrs. W. H. Nutting and Mrs. Logan Bleckley formed a congenial party.

Mrs. Lewis Parker, of New York, who is visiting her parents, Mr. and Mrs. Oscar Pappenheimer, and Miss Eutha Young, of Lexington, Va., the guest of Miss Alline Fielder, were among the attractive visitors present who were honor guests in parties.

Others entertaining small parties were Mrs. Rucker McCarty, Mr. George Dexter, Mrs. W. H. Kiser and Mr. and Mrs. G. T. Dodd.

Families of Soldiers Desire Apartments.

Small apartments and rooms at moderate prices for light housekeeping are a frequent popular demand of the social welfare committee, National League for Women's Service, which is working towards the placing of the families of officers and soldiers.

Many of these families would like to locate at Buckhead, Roswell or Norcross, and any citizens of these communities who have such accommodations to rent are requested to communicate with this committee, 170½ Peachtree street, phone Ivy 5720. There are also applications for similar apartments and rooms in Atlanta.

To Mr. and Mrs. Jennings.

Mr. and Mrs. Julius Jennings will be the guests of honor in a party at the dinner-dance at the Driving club Saturday night, the hosts of the occasion to be a group of their friends.

Robinson-Myrick.

Mr. and Mrs. James Boykin Robinson have issued invitations to the marriage of their daughter, Mary, to Mr. Shelby Myrick, on Wednesday, October 3, at 5 o'clock in the afternoon, at St. Mark Methodist church.

Mr. Myrick and his bride will be at home after November 10 in Ardsley Park, Savannah.

Alliance Francaise.

A very interesting meeting of the alliance will take place this afternoon at 3:30 o'clock at the Carnegie library.

Mrs. A. E. Hamm, wife of Captain Hamm, of Camp Gordon, is going to address the members of the alliance, narrating her work as godmother to French soldiers. Mrs. Hamm is an artist, a painter and a singer, and her French is like that of a native French woman. Since the beginning of the war, three years ago, she has devoted her talents to the cause of the allies, first with the Red Cross in New York, and since coming to Atlanta has given her services under the auspices of the Alliance Francaise, teaching soldiers and officers with Mme. Slifer.

Gettys-Watkins.

Mr. and Mrs. Wilberforce Gettys have issued cards to the marriage of their daughter, Isabelle, to Captain James Morgan Watkins, on the evening of Saturday, the 29th of September, at 6:30 o'clock, at Mars Hill Presbyterian church, Athens, Tenn.

WAR RELIEF CHAIRMAN ADDRESSES DAUGHTERS OF THE CONFEDERACY

As chairman of War Relief, Georgia Division, United Daughters of the Confederacy, and with the sanction and request of Mrs. John W. Grant, chairman of the Woman's Bureau of the Red Cross in Atlanta, I appeal to all Daughters of the Confederacy within reach of the Atlanta Red Cross work rooms to join in the work on surgical bandages at headquarters, 15 Peachtree street.

The Daughters of the College Park, Decatur and Atlanta chapters are all within reach of the work rooms.

Any woman who can and will give of her time is urged to come and to help in the work room department. There is no money obligation attached to this service.

As Mrs. Grant says, there can be no oversupply, and of all the war relief work now calling to women, that of ministry to the wounded and sick should have strongest appeal.

As chairman of the war relief work for the Georgia division, United Daughters of the Confederacy, again I urge the co-operation of the Daughters of the Confederacy and remind them that the hours each daughter serves in the work rooms should be kept and recorded by her to go into the state United Daughters of the Confederacy report.

ALICE BAXTER,
Chairman War Relief, Georgia Division, U. D. C.

College Opening.

Elizabeth Mather college will begin its fall session this morning at 10 o'clock. Dr. Hendrix will make the opening address.

Four More Candidates Pay Fees for Entrance In Primary in October

Four more candidates have paid their entrance fees for the city primary, and will seek nomination on October 17 for councilmanic and aldermanic positions. They are:

I. F. Styron, member of police board from sixth ward, entered for aldermanic nomination. He is unopposed so far.

Al Martin, entered for councilman from second ward, and will be opposed by J. E. Turner, who has already paid his entrance fee.

J. N. Landers, present councilman from seventh ward, unopposed.

W. Leonard Bell, present councilman from fifth ward, unopposed.

Charles Allen, chairman of the city executive committee, stated that friends of F. B. Florence, member of the water board, inquired at his office Wednesday, and asked about the regulations governing the primary with the view of entering Mr. Florence in the aldermanic race from the second ward.

Mr. Florence is one of the commissioners on the water board who has backed the retail merchants in their fight against the board's granting city water to the Ashford Park corporation. The probability of his candidacy brings prospects of a three-cornered race for alderman from the second ward, Harvey Hatcher, member of the board of education, and Press Huddleston, of The Constitution's advertising staff, have already signified their intention of making the race.

GA. UNIVERSITY OPENS WITH FINE ATTENDANCE

Large Freshman Class Makes Good the Loss of Upper Classmen to Army.

Athens, Ga., September 19.—(Special.)—The University of Georgia began its 118th year of service for the state and the nation today, with a registration to this afternoon indicating that the war will probably not affect the attendance, when it is remembered that most of the men who would have been seniors this year, and many who would have been members of the junior class, are in the army, most of them officers.

By considerably less than the number of these men will the difference be noted in the enrollment—for there will be evidently more freshmen to register than in any year of the history of the institution. Registration was begun a day later this year than usual, the books being opened Tuesday morning instead of Monday, and students will be matriculating till Saturday evening.

The large proportions of the freshman class are a source of gratification to the management, and the enrollment of many men for the junior law class and for the special courses looking to military training is also considered a fine sign.

The Lucy Cobb institute began its sixtieth year today, with a large attendance, both in the boarding department and in local attendance—the largest local enrollment of years.

Simple opening exercises were held in Seney-Stovall chapel this morning, with brief addresses from Miss Mildred Rutherford, who has leased the institute for five years, and who is to be the president of the school, with the former principals, Misses Brumby and Gerdine, heading their respective departments.

Ten states are represented in the boarding contingent this fall—and several families have moved to Athens from this state and other states to live here while they have their daughters in the Lucy Cobb institute and their sons in the University of Georgia.

FEDERAL OFFICES CLOSE FOR FUNERAL OF GREER

Offices were closed in the federal building Wednesday, and there was no session of Judge William T. Newman's court, on account of the death of Louis Benton Greer, cashier of the United States marshal's office, Monday night. Judge Newman adjourned the court for the day. The grand jury, which is holding final sessions, was adjourned Tuesday afternoon until Thursday morning.

District Attorney Hooper Alexander also attended the funeral, as did many of the employees of the federal service, numbers of whom had for years been associates and friends of Mr. Greer. Funeral services were held at Stone Mountain at 11:30 o'clock. Interment was in Stone Mountain cemetery.

MRS. W. T. WALKER DIES AT HER NORFOLK HOME

Mrs. W. T. Walker, of Norfolk, Va., mother of Mrs. Hunt Chipley, of Atlanta, died Tuesday in Norfolk. Mr. and Mrs. Chipley were at her bedside, and will remain in Norfolk for several days. Mrs. Walker belonged to an old and distinguished family. She was a leading spirit in the National Society Colonial Dames, the Daughters of the American Revolution and the United Daughters of the Confederacy.

Red Cross House Is Opened With Formal Flag Ceremony

An appropriate celebration of the toll of Atlanta women in the cause of the Red Cross was the formal opening yesterday of Red Cross house at 258 Peachtree street..

Distinguished army men, citizens of Atlanta prominent in the Red Cross program of the south, the state and the city; Atlanta women leaders in patriotic activity, and a strong delegation of Boy Scouts took part in the flag-raising ceremony at 4 o'clock, which signalized the inauguration of commodious new quarters for the many departments of Red Cross work now being promoted by Atlanta women.

Mrs. Spencer Atkinson, house chairman, presided over the brief exercises, and the company assembled on porch and lawn. Prominent in the gathering were: Colonel W. L. Peel, chairman of the southern division of the Red Cross; Mr. C. B. Bidwell, his assistant; Dr. Guy Snavely, organizing director of the southern division; Judge Walter Colquitt, chairman for Georgia; Mr. Lee Ashcraft, chairman for Atlanta; Major General Eben Swift, Brigadier General Cronin, Brigadier General Erwin.

The Boy Scouts, who donated the flag, conducted the impressive flag ceremony, and Major Clarke, of Fort McPherson, made the short address which dedicated the annex to its purpose of patriotic service.

All Day Reception.

All day Mrs. Atkinson and the ladies who will act as official hostesses kept open house—Mesdames James L. Dickey, Henry Miller, W. S. Elkin, Clark Howell, Charles Haden, Frank Inman, Charles Selple, James Robinson, John Murphy, Barbour Thompson, Mell Wilkinson, Morris Brandon, Robert Maddox and Albert Howell—and each department, the chairman of that work or some of the ladies of her committee could take the time from their regular duties to explain to visitors the meaning and scope of that department.

Flags and flowers gave a festive touch to the house interior, which has been made pleasing and comfortable through the donations of finish, furnishing and equipment from many generous sources, while the use of the house itself is extended to the local Red Cross chapter by the owner, Asa G. Candler.

The administration office and central work room of the local board will continue to be maintained at 15 Peachtree street, under the chairmanship of Mrs. John W. Grant.

Housed in the annex is Mrs. Atkinson's office and that of Mrs. Albert Thornton, Jr., secretary of the Atlanta Chapter of the Red Cross, this office, which is numbered 1 and 2, to be also a place for committee meetings.

Room No. 3 will be the clearing house for the nearly one hundred auxiliaries in the city.

Visitors to Rooms 4, 5 and 6 found them assigned to the educational department, in which lectures and classes in hygiene, dietetics, surgical dressing, home care of the sick, etc., will be held.

The hospital linen committee has its room in which will be kept the hospital linen supplies that can be sent out on a moment's notice upon a call from National Red Cross headquarters or from a local military hospital.

From the knitting room wool will be supplied to all who will assist in the making of the thousands of sweaters and sets asked for the service and knitting will be taught there.

The making of Christmas kits for the soldiers and sailors will be handled in another room.

The library service, which is being done in co-operation with the Y. M. C. A. and Y. W. C. A., will have its roomy quarters and the making of garments for widows and orphans, made destitute by the war, is another branch of the work to be located here.

WIFE SHOT BY HUSBAND; WILL PROBABLY DIE

Carnesville, Ga., September 19.—(Special.)—Tal Coker, a white man, shot and probably fatally wounded his wife, Essie Coker, near here last night. Coker and his wife had been separated for some time, and his wife was recently arrested on a charge of keeping a disorderly house. She went to Coker's house late yesterday and while there an altercation ensued in which she was wounded twice.

Y. M. C. A. SECRETARIES WILL MEET IN ATLANTA

Will Discuss Service in Camps and Cantonments in the Southeastern States.

All of the Y. M. C. A. secretaries engaged in camp and cantonment service in the southeastern states will meet in convention in Atlanta September 25 and 26.

S. A. Ackly, the executive secretary of the war work council, southeastern division; Dr. W. W. Alexander, and other members of his staff left for New York Tuesday evening to attend a national conference there, but will return to Atlanta for the convention of the southeastern camp secretaries.

There will be in attendance also many of the leading men in the war work council from all sections of the country.

At the convention the work in all of its details will be discussed and acted upon. Policies will be proclaimed, and the decks cleared generally for the greatest auxiliary service ever undertaken except by the National Red Cross.

Hope Now Entertained For Recovery of Boy Injured by Automobile

Hope was entertained Wednesday for the recovery of little Jack Peebles, 4-year-old son of W. G. Peebles, manager of the local Western Union branch, who was struck and seriously injured by an automobile at East Point late Tuesday afternoon while crossing the street after alighting from a street car with his parents.

The child was rushed to the Atlanta hospital in H. M. Patterson & Son's ambulance immediately after the accident, where the extent of his injuries were found to be a fractured skull and severe bruises about the body.

The automobile was driven by Miss Hazel Merritt, of Atlanta.

To Clarke Selectmen Judge Cobb Scores Opponents of Draft

Athens, Ga., September 19.—(Special.)—Clarke county's second increment of the national army—twenty-eight men—left this morning for Camp Gordon, accompanied by Judge George C. Thomas and other citizens who escorted them as far as Atlanta.

They were given a rousing send-off in a banquet last evening and a parade, followed by speaking at the "Octagon" on the campus, the speakers being Judge Horace M. Holden, Judge A. J. Cobb, Judge G. C. Thomas, T. W. Reed, Rev. S. R. Belk, T. S. Mell and Rev. J. W. Lynch.

The feature of the speaking was the address of Judge Cobb, who took occasion to tell the twelve hundred people present that the greatest crime known to the law is treason, and the greatest virtue of the citizen is patriotism. He scored unmercifully the men who prostitute their talents to debase and debauch the manhood of the nation in efforts to oppose the government and as scorchingly he paid his respects to those who hold commissions from the people and in congress stand out against their own people and government.

COUNTY GAME WARDENS APPOINTED BY SLATE

Game and Fish Commissioner Slate yesterday announced the following appointments of county wardens:

L. A. Free, Miller county; F. D. Fletcher, Bullock county; C. M. Hicks, Cobb county; T. J. Randerston, Liberty county; R. L. DeLoach, Putnam county; M. E. Cron, Sylvester county, and James Gobel, Gilmer county.

Commissioner Slate will leave Monday on a tour of the coast counties to personally investigate fish and game conditions. He will visit Brunswick, Savannah, Sylvania and other points in east Georgia.

JUDGE MARTIN, VETERAN OF MEXICAN WAR, ILL

Judge J. J. Martin, Sr., 91 years old, and a veteran of the Mexican war, is critically ill at the home of his daughter, Mrs. F. J. Allen, 230 East Point avenue, East Point.

Judge Martin has lived in Atlanta and vicinity for more than forty years and has hundreds of friends here who will be grieved to learn of his illness.

He entered the Mexican war as a private in the Palmetto regiment from South Carolina and came out with the rank of captain.

SAVING MONEY ON TEETH

You Can Do It if You Go to the Right Place for Your Dental Work — Mr. Story's Experience.

Mr. H. D. Story, of Concord, Ga., states that he will always come to Atlanta and have his dental work done at the One Price Dental Office, 104½ Whitehall St., corner of Mitchell. This dental concern did some work for him over a year ago, and it has proven entirely satisfactory. Besides, he saved about $20 by having his work done here. Not only does the One Price Dental Office claim to be able to save you money on your dental work, but they also claim to give the very highest quality of workmanship, guaranteed for ten years. Best gold crowns, $3; bridge work, $3 per tooth; best set of teeth money can buy, $5. The next time your teeth need attention, be sure to make a trip to the One Price Dental Office and get an estimate before you have the work done.

GRAY HAIR? WHITE, FADED?

If Anxious to Have Beautiful Dark Hair Again and Look Young, Read This.

There is no occasion for you to look prematurely old with gray or faded hair. Before going to bed rub into your scalp and wet all your hair with La Creole Hair Dressing. This is not a dye, but a harmless preparation that revives the color glands of nature. Soon you will be delighted to observe all your gray hair turn to an even, beautiful dark shade, without even a trace of gray showing, but La Creole makes all your hair healthy, fluffy, soft, evenly dark and lustrous. This makes you look younger. Try La Creole. Sold by Drug Stores, or sent prepaid for $1 by Van Vleet Drug Co., Memphis, Tenn.—(adv.)

Lemon Juice is Skin Beautifier, Also a Whitener

Many women use just the juice of lemons to bleach or whiten the skin, but pure lemon juice is acid, therefore irritating, and should be mixed with orchard white.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lotion and massage it daily into the face, neck, arms and hands. It should naturally help to bring back to any skin the whiteness, the sweet freshness and flexibility of which it has been robbed by carelessness or trying atmospheric conditions.

RECORD ENROLLMENT FOR TECH THIS YEAR

Number of Changes in Faculty Will Be Made, President Matheson Announces.

The twenty-ninth session of the Georgia School of Technology began yesterday, when the largest freshman class in the history of the institution reported. While the formal opening of the school, however, will not take place until Monday, when exercises will be held in the Tech auditorium, active class work has already begun.

Despite the loss of many students who are now in the service of Uncle Sam, Tech's enrollment this year is expected to exceed that of last year and all previous years. The total enrollment last year was 800. Nearly 1,000 students are expected to be matriculated before the Christmas holidays this year.

President K. G. Matheson announces that some important changes will be made in the personnel of the corps of instructors. The faculty is not yet complete, however.

Additional class rooms were added during the summer in order that there might be no difficulty in properly caring for the large number of students expected. Various new features also have been inaugurated in the dormitories, chief among them, from the students' point of view, being the improvement of the culinary department.

No changes in the curriculum are announced. The courses embraced will be the same as in the past.

Captain H. H. C. Richards, commandant of the aviation camp at Tech, is directly in charge of the instruction of the students enlisted for aerial training. The course of the school covers a period of eight weeks, during which time the students are instructed on aerial warfare. This course is distinct from the regular Tech school work.

The entire Tech student body will be in uniform this year, the service khaki and the olive drab having been selected. Military drills will be conducted under the direction of army officers whom the war department will designate.

TAX RATE IN FULTON WILL REMAIN SAME

Residents of County Will Pay Seventy-Five Cents on the $100.

The Fulton county tax rate for the 1917-18 fiscal year will remain at the present rate—75 cents on the $100. At a special meeting of the county commissioners held Wednesday afternoon the budget prepared by Clerk Henry M. Wood was carefully gone over by the commissioners and it was decided that no change was necessary.

Chairman Oscar Mills stated that the rate of 75 cents on the $100 represented the normal rate for Fulton county. He stated that the minimum level had been reached after the expense of the courthouse building had been paid off, and that the rate of 75 cents would probably obtain for some time.

During the past twelve months the total receipts of the county were $1,617,929.09, which included payments made on the general taxes for 1914, 1915 and 1916, back taxes paid in during that time, railroad and corporation taxes, and all receipts from any other sources.

It is estimated that the expenses of the county for the coming year will be $1,654,000, if no extraordinary expense is incurred.

The revenue derived by the county from taxes on the 1917 digest at the rate of 75 cents per $100 will be about $1,017,641.51, and an additional $40,000 not shown on the digest will probably be collected. Other receipts from sundry sources are estimated at $622,930.89. This would bring the total receipts of the county to $1,680,572.40, which would leave a surplus of $26,472.40 after all expenses are paid.

BRUNSWICK-WAYCROSS HIGHWAY WORK BEGUN

Brunswick, Ga., September 19.—(Special.)—Following the meeting held at Nahunta several days ago, work on the highway between Brunswick and Waycross is now under way, and it will be only a short time before the road will be in good condition. The work at present is being done in Wayne county. The deplorable condition of this road was called to the attention of Brunswick people a few weeks ago by W. T. Anderson, of Macon, and Clark Howell, of Atlanta, the two Dixie highway commissioners, who made a trip over it. Although the road is not a portion of the Dixie highway, it is an important south Georgia link, and the two well-known editors told the people of Brunswick that immediate steps should be taken to improve it.

A meeting of the counties through which the road passes was held last week at Nahunta, at which it was agreed to place the road in a good condition, and the improvement work has already started.

GOOD-BYE BACKACHE, KIDNEY AND BLADDER TROUBLES

For centuries all over the world GOLD MEDAL Haarlem Oil has afforded relief in thousands upon thousands of cases of lame back, lumbago, sciatica, rheumatism, gallstones, gravel and all other affections of the kidneys, liver, stomach, bladder and allied organs. It acts quickly. It does the work. It cleanses your kidneys and purifies the blood. It makes a new man, a new woman, of you. It frequently wards off attacks of the dread and fatal diseases of the kidneys. It often completely cures the distressing diseases of the organs of the body, allied with the bladder and kidneys. Bloody or cloudy urine, sediment, or "brick-dust" indicate an unhealthy condition.

Do not delay a minute if your back aches or you are sore across the loins or have difficulty when urinating. Go to your druggist at once and get a box of imported GOLD MEDAL Haarlem Oil Capsules. They are pleasant and easy to take. They dissolve in the stomach, and the kidneys soak up the oil like a sponge does water. They thoroughly cleanse and wash out the bladder and kidneys and throw off the inflammation which is the cause of the trouble. Your druggist will cheerfully refund your money if you are not satisfied after a few days' use. Accept only the pure, original GOLD MEDAL Haarlem Oil Capsules. None other genuine.—(adv.)

CALOMEL PURIFIED OF OBJECTIONABLE EFFECTS, AT LAST

Success Crowns Efforts of Pharmaceutical Chemists to Rid Popular Medicine of Its Nauseating and Dangerous Qualities—Calotabs the New Name.

A triumph of modern pharmacy is destined to bless the whole world, from the King on his throne to the humblest laboring man,—that is the opinion of druggists who have been watching the sale of the new calomel tablet that is wholly free from the objectionable effects of the old-style calomel.

An occasional purifying of the system and thorough cleansing of the liver are absolutely essential to the maintenance of health, and calomel is the only drug that gives permanent results. Now that the unpleasant effects are entirely removed, the popularity of the new calomel, Calotabs, will be vastly increased. One tablet on the tongue at bedtime, a swallow of water,—no taste or unpleasantness of any kind. A good night's sleep and you wake next morning feeling fine, with a clean liver and a hearty appetite. Eat what you please,—no danger.

Calotabs are sold only in original, sealed packages, twenty doses for thirty-five cents. All druggists are authorized to refund the price if you are not thoroughly delighted with Calotabs.—(adv.)

FASHION and your HEALTH demand it

L. & N. Train Derailed.

Montgomery, Ala., September 19.—The New Orleans and New York limited, northbound, on the Louisville and Nashville railroad, was derailed at Kirkland, Ala., 95 miles below here, early today. The train was made up of solid steel cars, and although the engine and seven of the cars left the track, reports state no one was injured. A relief train was sent from Montgomery and physicians rushed to the scene from Brewton. The wreckage will not be cleared until late today, it was announced.

"ATTENDING DRAUGHON'S COLLEGE BIG INVESTMENT," SAY GRADUATES

Ten Young Men From One Community Secure Business Education at Draughon's and All Make Fine Success—Night School in Session Three Nights a Week.

T. P. THREATT,
Graduate of Draughon's Business College, Atlanta, Ga.

The fact that so many young people from one family or one community secure their commercial training at Draughon's is evidence, not only of the thorough and practical methods of the Draughon Training which enables its students to make the very finest success, but it is evidence of the cheerful atmosphere which abounds in every department of the school work. It is more like one large family where the feeling of sympathy and co-operation exists on the part of teachers and students alike.

It is the friendly and helpful criticisms and the personal and individual interests taken in each student that makes every task intensely interesting and enables students to learn their lessons almost automatically. The student is kept in a happy mood and works from inspiration and enthusiasm.

Draughon's Business College has just received a very complimentary letter from Mr. Threatt, an extract of which is as follows:

"The time and money I spent in taking your combined course has proved to be one of the best investments I ever made. After completing the course, I accepted a position with the Franklin Electric Manufacturing Co., as stenobookkeeper at a good salary. My work is pleasant and consenial and offers excellent opportunities for advancement.

"The thorough and practical training I received at your Atlanta College has enabled me to do the work with ease and with satisfaction to my employer.

"About ten other young men from my community have attended your college, and are now holding good positions. They speak in terms of the highest praise of your school for its thorough and practical methods of training young people for business."

For further information, about day or night school, address: H. R. Todd, President, Draughon's Business College, Atlanta, Georgia.

ROMANS TO VOTE ON CHARTER AMENDMENTS

Rome, Ga., September 19.—(Special.) First Commissioner Simmons has called the election to ratify or reject the amendments of the city charter for Wednesday, October 10. The ballot box will be at the municipal building. A majority vote controls, and those who wish the changes in the city charter will cast ballots reading, "For Charter Amendments," and those opposed will have printed on their ballots, "Against Charter Amendment." The amendments would reduce the salary of the first commissioner from $3,900 to $500 per annum, institute civil service in all departments and make other important changes.

GEORGIA WAR LIBRARY COUNCIL RAISES $6,000

Effort Will Be Made to Secure Million Throughout the Country.

Macon, Ga., September 19.—(Special.) The war library council of Georgia at a meeting here today outlined plans for raising $6,000 toward a fund of $1,000,000 for libraries for soldiers throughout the United States, it being decided to open the campaign on September 24 and continue until the full amount is subscribed. The council will not stop at $6,000, but will endeavor to raise considerably more than that. The money will be secured by popular subscription.

R. L. Foreman, of Atlanta, state director of the war library council, will direct the campaign for funds.

Present at the meeting today were Judge Andrew J. Cobb, of Athens; J. S. Davis, of Albany; W. T. Anderson, of Macon; T. W. Loyless, of Augusta; Seymour Thompson, of Savannah; Miss Barker, of the Carnegie library of Atlanta, and R. L. Foreman, of Atlanta.

RECRUITING FOR ARMY LIVELY ON WEDNESDAY

The army recruiting station yesterday reported the following enlistments since Tuesday noon:

Claude Fletcher, Omega, quartermaster's corps, regular army; Edward McConn, Pine Level, Fla., quartermaster's corps, regular army; Coleman C. Burnett, Carrollton, quartermaster's corps, regular army; Eugene Campbell, Lyons, field artillery, regular army; Enoch Fuller, Lyons, field artillery, regular army; Mark C. Smith, Rockmart, infantry, regular army; Talmage C. Dantzler, Elloree, S. C., infantry, regular army; Frank W. Salley, Augusta, band, Fourteenth coast artillery corps; Henry L. Matlock, Athens, Tenn., engineers, national army; Thomas M. Massey, Atlanta, quartermaster's corps, national army; Carlton W. Palmore, Brewton, Ala., quartermaster's corps, national army.

The following were accepted for national guard units as indicated:

Robert Vaughn, Mansfield, for infantry, sent to Macon, Ga.; Esbun McKinney, Rome, for Fifth Georgia, sent to Macon, Ga.; Stiles Scott, Forsyth, for cavalry, sent to Macon, Ga.

The following were accepted for stevedore regiments and forwarded to Fort McPherson, Ga., after which they will be sent to Newport News, Va., for assignment:

John Boyken, Norman Park; Ernest W. Simmons, Atlanta; Homer Gray, Hamilton; Clifford Strong, Atlanta; Columbus Pitts, Atlanta; Evans Macon, Fruitland; George W. Harris, Attapulgus; Joe McMellon, Augusta; Charlie Dixson, Valdosta; William Leus, Valdosta; West Shealey, Decatur; Andrew Pulliam, Atlanta.

Navy—J. D. Hagin, Daisy, Ga.; A. Rogers, Stockton, Ga.

THINKING HER BURGLAR, HUSBAND SHOOTS WIFE

Tifton, Ga., September 19.—(Special.) Mrs. J. E. Carter was accidentally shot by her husband yesterday morning. The load from a single-barreled shotgun struck her on the left thigh, tearing a frightful, gaping wound and severing some of the principal arteries. Her condition is critical, but she has a chance to recover.

Mr. Carter and his family for some time have been troubled with night prowlers. Shortly after 2 o'clock one of the little girls called to Mrs. Carter that someone was in the house. She told the girl to awaken her father, who is slightly deaf, and in the meantime slipped out of the door into the hallway to listen. Not locating anyone, she had turned back towards her room when she met Mr. Carter coming with the gun in his hand. In the darkness Mr. Carter mistook his wife for the intruder and fired.

October Records

Riccardo Stracciari — great Italian baritone — makes his American debut on Columbia Records.

His initial offering is that classic baritone solo, the "Largo al Factotum" aria from Rossini's "*Barbiere di Siviglia.*" And never has baritone equaled Stracciari's magnificent rendering of this rollicking air. You will marvel at the new master's sweetness of tone; his flexible, resonant voice; his marvelous control; his subtle artistry.

Hear These Wonderful Selections

49181 12-inch $1.50
Largo al Factotum. (Make Way for the Factotum.) From *Barbiere di Siviglia.* (Rossini.) Riccardo Stracciari, baritone. Orchestra accompaniment under the direction of Giorgio Polacco.

A2337 10-inch $1.00
Minuet in G. (Beethoven). Francis Macmillen, violinist. Piano accompaniment.
Souvenir. (Drdla). Francis Macmillen, violinist. Piano accompaniment.

A5980 12-inch $1.50
Forgotten. (Cowles). Vernon Stiles, tenor. Orchestra accompaniment.
Daddy. (Behrend). Vernon Stiles, tenor. Orchestra accompaniment.

A5981 12-inch $1.50
Ave Maria. From *Cavalleria Rusticana.* (Mascagni.) Lucy Gates and Frank Gittelson. Soprano solo with violin obbligato. Orchestra accompaniment.
Sing, Smile, Slumber. (Serenade.) (Gounod.) Lucy Gates, Soprano. Orchestra accompaniment.

A5984 12-inch $1.50
Raymond. (Thomas.) **Overture.** Part I. Philharmonic Orchestra of New York under direction of Josef Stransky.
Raymond. (Thomas.) **Overture.** Part II. Philharmonic Orchestra of New York under direction of Josef Stransky.

Lucy Gates sings "Ave Maria" with a tenderness that brings a little ache to your throat. It is all the richer, all the sweeter, for the haunting melody of Gittelson's violin obbligato. On the back is "Sing, Smile, Slumber."

Josef Stransky himself leads the New York Philharmonic through the brilliant measures of the "Raymond Overture"—Macmillen's throbbing violin renders the incomparable Beethoven "Minuet in G" and on the other side, Drdla's "Souvenir"—Vernon Stiles contributes "Daddy" and "Forgotten" with the tender sympathy such matchless things require.

These are only a few of the splendid Columbia Records for October. There are dance records; popular song-hits that everybody is singing; whistling pieces; saxophone numbers; bagpipes; hymns—a brilliant, varied selection for you.

They are on sale now—hear them at any Columbia dealer's.

EVER-READY PISTOL CAUSE OF KILLING

After Quarrel Over Moving Automobile, J. D. McElvoy Shoots and Kills Reuben Mason, Negro Truck Driver.

The ever-ready pistol was again the cause of a death early yesterday afternoon when J. D. McElroy, 27 years old, of 246 Oglethorpe avenue, proprietor of a taxicab service at 176 Peachtree street, shot and instantly killed Reuben Mason, a negro truck driver for the Tripod Paint company, at the corner of Broad and Poplar streets.

McElroy stated that, in order to purchase some gasoline, he had driven his automobile from Broad into Poplar street, stopping at the side of the Tripod Paint company's building. He added that he was unable to move his car from its stand near the filling station and left for a moment in order to secure an auto tool. When he returned he stated that Mason had moved his car in between two other cars.

As a result of the alleged moving of the car, the white man and the negro began quarreling, words becoming more and more heated until McElroy fired one time at the negro with a .38 caliber pistol he had taken from his pocket, the bullet striking the negro in the front of the head and killing him instantly.

McElroy, immediately after the crime, walked from the scene of the shooting and surrendered himself to Policeman G. W. Linan, at the corner of Broad and Marietta streets. At police station, where he is being held on a charge of murder, McElroy claimed that he had fired on the negro only after he had seized a big monkey wrench from a truck that was being unloaded and advanced on him with it. A wrench was found near the body of the dead negro.

DEPENDENCY CASES MAY BE APPEALED TO THE GOVERNOR

President Wilson will hear no appeals for exemption from draft service except on agricultural or industrial claims. Neither will the president consider any evidence submitted in connection with these claims unless it has first been turned over to the various district boards for review.

This announcement was made Wednesday in a telegram from Provost Marshal General Crowder to Governor Dorsey. General Crowder accompanied this order with another in which he points out that exemption appeals on the ground of dependency, if not allowed by the various district boards, may be appealed to the governor.

"If local boards have made mistakes in individual cases resulting in hardships," said General Crowder's orders, "there is an appeal to the district board. Both the local and district boards may re-open cases in which they are in error up to the time the claimant is actually ordered into military service. If the local or district board is in doubt it may apply to the governor for information concerning the meaning of the law.

"An individual who believes a board has erroneously interpreted the law may call attention of the governor to the case. When it is clear that the board is in error the governor may inform the board of the law and request it to reopen the case.

"If, after an appeal has been taken to the president on an industrial or agricultural claim, the drafted man wishes to submit new evidence he may appeal to the district board to reopen the case. Should the district board adhere to its original decision upon rehearing, the new evidence will be forwarded to the president for his consideration.

"Urgings or suggestions from individuals concerning individual cases will not be taken into account by the president. Senators and congressmen will be powerless to aid drafted constituents."

COLUMBUS MAN KILLS HIMSELF WITH RAZOR

Columbus, Ga., September 19.—(Special.)—Will Harris, prominent citizen of tihs city, died today as the result of a self-inflicted razor gash in his throat. The act was committed at the city hospital, where Harris had been for some time in the incurable ward. Despondency is the attributed cause The body was sent today to Waverly Hall, Ga., where the funeral and interment will be held tomorrow morning.

Delayed by Troop Movement, Circus Hangs Up New Record

Carrie Royal, of the Sells-Floto circus, on her ballroom horse, Rinaldo, which one-steps and "walks the dog."

Everybody knows that the circus is about the last word in organization, but sometimes the circus, especially the big shows, are hard put to it to make their stands. Take the Sells-Floto circus, for instance. Tuesday this show was scheduled to exhibit in Fayetteville, Tenn. For three weeks the work of billing the show in that town and the country for forty miles around it had gone merrily on. The three advance advertising cars of the show had come and passed on their way. The contracting agents, the brigade of special bannermen, the press agents had visited Fayetteville and accomplished their various duties. The town and country were ablaze with the flaring announcements of the big show. All was set for circus day.

But the railroads upset the whole business. Saturday, in Atlanta, the general agent of the Sells-Floto organization, Ed C. Warner, received wires that the railroads could not move the four circus trains from Columbia, Tenn., to Fayetteville, on account of troop movements. He wired every agent within five hundred miles to hasten to Fayetteville and await orders. The No. 3 advertising car—that day in Atlanta—was rushed to Chattanooga to await word. Mr. Warner himself took a night train to Nashville and cast about for another town to break the jump between Columbia and and Chattanooga. He chose Huntsville, Ala., and had new dates printed for the change. The nearest agent reached Huntsville in time to take double-page ads in the Sunday morning papers. The No. 3 car billed Huntsville and the surrounding country Monday. Telephone girls spread the tidings of the coming of the big show. Press agents filled the Monday papers with ads, pictures and stories, and Tuesday morning, as the first of the circus trains steamed into the town, it passed the No. 3 car jumping out to Augusta, Ga. For the first time in the history of the circus business a big show had played a town with one day's billing. For the first time in the memory of white top veterans, an advance car had been caught by its own show.

However, the short billing excited the Huntsville people. The show did a huge business afternoon and night. The Sells-Floto circus plays Atlanta Monday and Tuesday at the Jackson street show grounds, and you will hear the show folks talking of the Huntsville jump, even then. It will go down in circus traditions.

Atlanta's Strong Delegation to American Bankers' Convention

A large representation of the bankers of Atlanta will attend the American Bankers' association at Atlantic City, the convention to open next Monday. Many will be accompanied by their wives and will leave Atlanta on the "Bankers' Special" Saturday.

Among these are Mr. Robert F. Maddox, o fthe Atlanta National, and Mrs. Maddox; Mr. F. S. Etheridge, of the Atlanta Trust company, and Mrs. Etheridge; Mr. Thomas Erwin, of the Third National, and Miss Katherine Erwin; Dr. W. J. Blalock, of the Fulton National; Mr. J. K. Ottley, of the Fourth National; Mr. Joseph A. McCord, of the Feedral Reserve; Mr. H. [illegible] Heinz, of the Central Bank and Trust corporation, and Mrs. Heinz; Mr. Ernest Woodruff, of the Georgia Trust company; Mr. Haynes McFadden, of The Southern Banker, and Mrs. McFadden.

Colonel Robert J. Lowry, of the Lowry National, and Mrs. Lowry are in New York, and will go to the convention. Mrs. Doughty Manley left yesterday to join Mr. Manley in the east, and they will attend; Mr. W. W. Banks, of the Third National, went to New York yesterday, and Mrs. Banks will join him, going on the special Saturday, and Mr. J. Burbank Pike, of the Federal Reserve, and Mrs. Pike left Tuesday for a few days in New York before going to Atlantic City.

GEORGE L. WILLIAMS GETS GEORGIA PROFESSORSHIP

Athens, Ga., September 19.—(Special.) George L. Williams, a graduate of the University of Georgia and of Columbia university, has been elected adjunct professor of finance in the school of commerce of the University of Georgia. He will conduct courses in banking, insurance, corporation finance, marketing, elementary economics and advertising and salesmanship.

Norway Ships Sunk.

Christiania, Norway, September 19. German submarines have sunk the Norwegian steamship Facto, of 2,372 tons gross, and the Thomas Krag, of 3,569 tons gross, it was announced today at the Norwegian foreign office. Two men from each vessel perished.

ONE MAN EXEMPTED OUT OF 83 CASES

Again Every Claim Based on Industrial Grounds, Including That of Shipbuilder, Is Turned Down.

One exemption out of 83 claims and appeals coming from Stephens, Stewart, Terrell, Walton, Webster, White, Oconee, Oglethorpe, Meriwether and Whitfield counties was the record established yesterday by the north Georgia district exemption board.

A large per cent of the cases considered by the board Wednesday were filed on grounds of industrial pursuits, every one of which was denied by the board. Among these cases was the claim of J. N. Lester, of Winterville, who sought exemption on the grounds of being a ship builder.

The one exemption granted was on grounds of dependency. In addition the board allowed a large number of temporary agricultural discharges.

The cases considered by the board Wednesday follow:

Oconee County.

C. T. Dickens, Watkinsville, agricultural. Time extended to December 1.
Andy Toney, High Shoals, agricultural. Time extended to December 1.
R. E. L. Sims, Watkinsville, agricultural. Claim denied.
T. F. Holmes, Toccoa, industrial. Flagman, Southern railway. Claim denied.

Oglethorpe County.

J. H. Poole, Colbert, agricultural. Claim denied.
E. C. McCannon, Carlton, agricultural. Time extended to December 1.
J. P. Davis, Stephens, agricultural. Time extended to December 1.
Horace Jackson, Stephens, agricultural. Time extended to December 1.
E. W. Pitts, Carlton, agricultural. Time extended to December 1.
J. R. Colquitt, Crawford, agricultural. Time extended to December 1.
G. C. Little, Lexington, agricultural. Time extended to December 1.
M. D. Paul, agricultural. Time extended to December 1.
Ardean Tucker, Winterville, agricultural. Time extended to December 1.
H. W. Landrum, Crawford, agricultural. Time extended to December 1.
R. W. Anthony, Winterville, agricultural. Time extended to December 1.
H. L. Hammond, Point Peter, agricultural. Claim denied.
Carl Thaxton, Rayer, agricultural. Time extended to December 1.
R. R. Smith, Lexington, agricultural. Time extended to December 1.
C. H. Culberson, Colbert, agricultural. Claim denied.
L. L. Culberson, Colbert, agricultural. Time extended to December 1.
J. N. Lester, Winterville, industrial, shipbuilder. Claim denied.
L. P. Maxey, Maxeys, physical disability. Appeal denied.
J. M. [illegible]elly, Crawford, dependency. Appeal denied.
Addie [illegible] Mitchell, Lexington, dependency. Appeal denied.
G. P. Bubb, Huching, physical disability. Appeal denied.

Meriwether County.

Virgil Massey, Alvaton, agricultural. Time extended to December 1.
Burl Melton, Woodbury, agricultural. Time extended to December 1.
T. P. Caldwell, Haralson, agricultural. Time extended to December 1.
D. H. Harmon, Meriwether county, agricultural. Time extended to December 1.
H. F. Walton, Hogansville, agricultural. Time extended to December 1.
Grover Smith, Bullochville, agricultural. Time extended to December 1.
J. M. Robertson, Odessadale, agricultural. Time extended to December 1.
H. F. Johnson, Luthersville, agricultural. Time exteaded to December 1.

MALE JEALOUSY LANDS WOMEN TIGERS IN JAIL

Quitman, Ga., September 19.—(Special.)—Two women blind tigers are in jail here as the result of professional pique on the part of a man blind tiger who was arrested and convicted recently. This negro man came to the sheriff yesterday and complained bitterly that Cassie Marsh and Maria Barber were selling home-made wine and he was not permitted to. The sheriff went with him and found the wine concealed in jugs under the floors of the houses occupied by the women.

GEORGIA IS ASKED TO CLOSE SALOONS AS TROOPS ENTRAIN

Found: A federal government official who, apparently, doesn't know Georgia is bone dry!

From the office of the provost marshal general in Washington, there came to Governor Dorsey Wednesday the following telegram:

"A large percentage of your population is about to leave home for the uncertainties of a soldier's life. While not an occasion for sorrow, it is a day for solemnity. It is expressly inappropriate that it should be marred by the untoward events which drunkenness brings in its train.

"Therefore, I earnestly suggest that you consider the advisability of measures looking to the closing of saloons during such hours preceding entrainment of the next and subsequent mobilization days as may seem proper to you."

The message was signed by Provost Marshal General Crowder.

U. S. SOLDIER INTERNED ON CHARGE OF TREASON

Fort Oglethorpe, Ga., September 19.—Sergeant Alfred Bonhaupt, Sixth United States infantry, has been interned at the prison camp here on instructions of the bureau of immigration following his discharge from the army on orders from the war department, on the ground that his sympathies for Germany precluded the performances of his duties as a soldier of the republic.

Bonhaupt's discharge followed the interception by the British authorities of a letter written to his sister in Germany, in which he expressed the sentiment that he regretted the United States had entered the war against his native country and the hope he would not have to fight the fatherland. The letter was turned over to the United States officials by the British, and Bonhaupt was promptly discharged from the army and interned following investigation by the department of justice.

Bonhaupt is said to have a good record in the service, having been with Pershing's expedition in Mexico. He will be held during the duration of the war.

FORMER POLICEMAN GETS LIMIT OF LAW ON "TIGER" CHARGE

G. N. Bullock, of 57 West Alexander street, the former Atlanta policeman at whose home a large quantity of whisky was found buried in his cellar, was yesterday arraigned before Acting Recorder Gordon Hurtel and fined $100, given a sentence of thirty days in the stockade and also held under a $500 bond for the state courts.

Bullock, who was dismissed from the force some months ago on charges of "conduct unbecoming a gentleman," made no statement and only begged the mercy of the court.

Detectives Hamby, Vickery, Powers, Roberts and Brannon, together with a United States revenue officer, who made the raid, stated that Bullock tried to destroy all evidence against him before they could gain entrance to the house. They discovered 15 gallons of blockade whisky buried in a tank under the floor of the cellar.

THE COMING OF THE CATTLE.

It would be hard to picture a more encouraging trend of affairs for Georgia and the southeast than is indicated by the current activities of farmers and other rural community developers in bringing blooded breeding cattle into this section.

Early in the current month D. L. Wade and Dan Miller, of Camilla, announced that, beginning September 1, they would start importing breeding cattle into this state and keep the stream flowing at the rate of two carloads a day until a total of 7,000 head shall have been distributed among the farmers of various parts of Georgia.

Last Tuesday morning County Agent T. G. Chastain, of Fulton county, announced that he had made arrangements for the importation of 125 head of pure-bred Shorthorn cows and bulls, which will arrive from the middle western states on or about October 1, for distribution among the farmers of this and other Georgia counties.

Wednesday morning The Constitution carried in its news columns a story to the effect that—

> The largest single shipment of high-grade cattle ever made to Georgia will be assembled for distribution to various points in the state by W. R. Tucker, agricultural field agent of the A., B. & A. Railway company, who left here with a party of Georgia farmers and stockmen, to purchase 1,500 head of beef cows in Texas.

All of which makes a grand total of 8,625 head of highly-bred cattle already announced to be brought to Georgia this fall, with the exception of a few of the A., B. & A. shipments, which will stop in eastern Alabama.

And there is an analogy between this news and the report a few days ago that the cattlemen and landowners of the state had formally decided upon means for speeding up on tick eradication in the counties still infested. The tick is fast disappearing in Georgia, and the day is near when that bane of the cattle industry will be only a doleful memory. And when that day comes the cattle business in Georgia will come into its own.

Profitable cattle culture under tick conditions is an impossibility. And the events of the last few weeks have fully demonstrated the fact that as the tick is eradicated from a section so splendidly adapted to cattle raising as is Georgia, blooded cattle pour in to replace the inferior scrubs.

Many are on the way. More will come, and still more; until Georgia before many years will rank as one of the great cattle states of the union.

WORKING A VAST WASTE.

An acute problem in this day of economic tension is produced by the coal situation.

Winter is close at hand, with millions of coal bins empty and industrial operators the country over at their wits' ends as to how to stock themselves with coal for both domestic and power purposes to keep abreast of the critical demand.

Prices are well-nigh prohibitive, especially as regards coal for domestic heating purposes, despite the best that federal regulation can be expected to do, and they will probably continue so, just so long as the bulk of the coal mined is needed to produce power.

The coal-mining communities are disorganized by labor disaffection and strikes.

The railroads and the manufactories have got to keep going, no matter what happens, because if they do not our war preparations cannot go on; and things may reach such a pass that the government will have to seize the mines and the coal yards in order to keep the wheels of war turning.

Some system must be evolved whereby the immediate demand for coal, both for domestic and power purposes, can somehow be met; but it is not likely that any expedient in this extremity is going to prove a permanent solution to the coal problem. This stands to reason, because every year the natural supply of coal is diminishing, while the demand for it is increasing.

Therefore, eventually a substitute must be employed.

And every mountain gorge and almost every valley—at any rate, every watershed—in the country contains a natural substitute for coal: Running water!

Then, why not let gravity solve the coal problem?

Here in Georgia, for example, one river, the Chattahoochee, between Gainesville and Columbus, carries, in round numbers, half a million potential horse-power per ten-hour day that is running to waste; while the manufactories and the railroads, from its source to its mouth and within gunshot of it, are constantly beset by a fuel crisis!

In the Piedmont section of Georgia, Alabama and South Carolina there is enough potential water power to turn every wheel and run every train in the southeast, leaving enough besides to take care of normal developments for years to come.

Here we have electric power sources that beat the coal mines all hollow—and waterfalls do not go on strikes, nor do they grumble for shorter hours.

What is true of these states is equally true of all mountainous or elevated sections of the country—where water-power is running to waste.

The Chicago, Milwaukee and Puget Sound Railroad company, as told in an enlightening article in last Sunday's Constitution, has shown what can be done with water-power in pulling trains over great mountain ranges.

If electrification "works" in the northwest, it will "work" here or in any other section of the country; and if railroads find electric current profitable as power, it will be just as profitable for any other line of industry.

The United States contains, according to latest estimates, something more than 55,000,000 latent horse-power in its streams—power that is running unused to the sea—while millions upon millions of tons of coal are being consumed for the manufacture of power which that wasted energy could far better supply.

There are two bills pending in congress intended to facilitate the development of that latent water-power.

They ought to be passed, even as purely economic measures to meet normal conditions, and in line with normal industrial progress; and as war measures, and to meet a situation that is fast becoming critical, some such legislation is immediately imperative.

And if congress adjourns its present session without enacting some sort of legislation to develop the nation's dormant water-power supply it will be remiss to its duty, and asleep to a vital necessity.

Water-power will solve the coal problem, if only congress will encourage it to do so.

THE EVER-READY PISTOL.

Another killing took place in downtown Atlanta yesterday afternoon, and over a trivial matter.

The provocation apparently was so slight that a few words of reasoning and a few moments of time probably would have removed it.

But one of the disputants had a gun in his pocket and used it; and now he has another's blood on his hands!

It was simply another case of the ever-ready pistol!

Without consideration of the merits of this particular case, which, of course, will be taken up in due process by the courts, it again illustrates what is inevitable from time to time so long as men go about their every-day pursuits armed with the ever-ready pistol.

It almost invariably happens, sooner or later, that the habitual "gun-toter"—whatever his motives, or however pacific his original intentions may be—does something with his ever-ready pistol that he will be sorry for later on.

And for every life that is saved by a pistol on the hip it is safe to say ten are taken.

The pocket pistol is a constant hazard, and it very rarely serves a beneficent purpose. On the other hand, it is a constant and potential source of danger and sorrow.

When will Georgia get enough of that sort of thing!

Anyway, the colonels in dry bone territory don't have to humble themselves to ask Hoover if they can put two lumps in the toddy.

Villa wants an unconditional pardon and the kaiser wants peace and no questions asked.

Mighty few Liberty bond directions needed. It's right up to you.

The Germans are burning villages in Russia, and this time their excuse is the natural one of cold feet.

Christmas poems are coming in, but the wary editors did their Christmas shopping early.

The reputation of that Russian Regiment of Death is half the battle.

When the kaiser says "God keep you," the devil's switching his tail behind the door.

The usual German peace talk is all in the air that's hot enough to scorch it.

As to Doc Michaelis' charge that "Russia started the war," all will be forgiven if she'll just keep it up.

The kaiser's fear is that if the war don't end this winter he'll be "tracelessly lost."

JUST from GEORGIA

By Frank L. Stanton

Explaining the Accident.

(Wherein the Billville Banner Brother Tells of His Auto Troubles.)

"The first automobile that ran us down stopped, and would have picked us up," says The Billville Banner, "but the second one, which was close behind, couldn't wait, and likewise went over our prostrate form; while still a third one, being also in a great hurry, compromised by running over our left leg. By that time a crowd had collected, which was quite providential, as the highway was then so blocked that the other oncoming autos couldn't get a lick at us before we reached the friendly shelter of the hospital where, in a semi-conscious state, we composed the following verses about our sufferings:

"When you're dodgin' trouble
You've got enough to do;
I'm far from where a country mule
Can kick me to the blue;
But I think these speedin' autos
Are a-goin' to 'see me through!'

"They give me work that's double
Along the dusty line;
They're what the folks call 'Trouble
A-comin' and a-gwine!'
Don't have to hide from airships,
No submarines in view,
But I think these speedin' autos
Are a-goin' to 'see me through!'

"My leg broke by a jitney,
Hit by a family Ford,
With limousines a-plenty
To lift me to the Lord;
But they're the high-toned runne...
That hit the favored few;
Some jitney'll toss me to the sky—
(Here's hopin' I'll break through!")

* * * * *

Talking of the Swagger Stick.

"Even the patriotic schoolboys hereabouts are cutting hickories for swagger sticks," writes a country correspondent—"leastways, they were cutting them, until a veteran 'old-field' school teacher started in to use the hickories on the boys, and that queered 'em! They don't swagger much now—except it's when they're dodging the hickories."

And we get this other line on the swagger stick from the poet of The Arkansas Gazette:

"If the officers
Who advocate
The swagger stick
For the use of the soldiers
So the soldiers
Will have something to do
With their hands
And will not want
To put them
In their pockets,
Will come around here
I can show them
A lot of fellows
Who have no trouble
In keeping their hands
Out of their pockets
Without the use
Of a swagger stick."

* * * * *

The Ride of "Aunt" Celia.

The Mineral Springs correspondent of The Ozark Democrat-Enterprise tells of the thrilling ride of "Aunt" Celia McAllister, who now holds the rough-rider championship of that section:

"While she and her sister-in-law were giving aid to a large hog that had some foreign substance lodged in its throat, the hog became excited and started for parts unknown, taking Aunt Celia with it on its back.

"It was the wildest ride ever witnessed, but 'Aunt' Celia held on, and as far they could see and hear her she shouted:

"'Come ketch us, or I'll git throwed!'"

* * * * *

A Fire Suggestion.

Thinkin' 'bout the fire
The winter time'll bring,
And how we'll sit around once more
And hear the chimney sing;
And let this be your constant prayer—
For all the fun and laughter:
"Lord, keep us near the fire here
And far away hereafter!"

* * * * *

A Home Proposition.

"Our congressman writes that he'll probably adjourn himself home, 'long 'bout October," says The Adams Enterprise, "and we've made a proposition to him: That if he'll promise not to read and try to explain his speeches to us we'll fix all his fences for him!"

FULTON FOOD SUPPLY MENACED BY SCARCITY OF LABOR IN COUNTY

Notwithstanding the fact that Fulton county's crops this year break the record for all previous yields, the farmers of the community are facing a loss and the food supply is being menaced by the fact that there is such a scarcity of farm labor in Georgia as has never before been witnessed.

H. R. Fischer, president of the Golden Eagle Buggy company, who owns a large farm in Douglas county, is facing a grave situation, which he says is typical of that of virtually every farmer in this section.

"I have the biggest crop on my farm that ever has been raised there," said Mr. Fischer Wednesday. "And I have scoured the city and countryside for help in harvesting it, but cannot find a man. I lost two men in the second draft quota and now have only four on the place. I need from ten to fifteen or I will lose a big part of my corn, cotton and hay crops. I spent Tuesday trying to find some hands and couldn't find one. Every other farmer in that section is in the same fix, although they are offering top wages."

Practically all of the workmen in the Atlanta district have been taken up by the draft and the enormous construction work in connection with the cantonment. The idlers, of course, are still hanging around Atlanta's streets, as is evident from a glimpse into the pool rooms and about the street corners. Farmers have expressed the opinion that if Atlanta's crop of vagrants could be forced to get busy on harvesting Georgia's crop of food, thousands of dollars' worth of food would be saved.

MANY COMPANIES JOIN TRADES ASSOCIATION

Foundry and machine companies in every part of the south will probably be included in the membership of the Southern Metal Trades association in the near future, according to W. E. Dunn, Jr., secretary of the organization, who has recently returned from the second monthly meeting of the association in Charlotte, N. C. Ten members in that district were added to the roster of the association.

The association was organized a short while ago to bring about a closer relation between foundries and machine companies in the south. The association has headquarters in the Candler building. The officers are W. L. Nash, president; A. J. Merrill, treasurer, and W. E. Dunn, secretary.

MISSIONARY TRAINING SCHOOL IS NOW OPEN

The Missionary Training school was formally opened Wednesday night with appropriate exercises held at the Wesley Memorial church, addresses being made by Bishop Warren A. Candler, Dr. J. A. Sharpe and Dr. W. A. Shelton.

The meeting was presided over by T. K. Glenn, president of the board of directors, who, in an introductory speech, outlined the aims and purposes of the school for the ensuing year. Prospects for a satisfactory enrollment are excellent, said Mr. Glenn. Dr. J. A. Sharpe is president of the Missionary Training school.

The Trinity church choir was present at the meeting.

COBB COUNTY SEEKING FEDERAL AID IN IMPROVING 12 MILES OF HIGHWAY

Cobb county, it became known Wednesday, is seeking to have the federal government aid her in the improvement of 12 miles of the Dixie highway through Cobb county.

The question has already been discussed between Cobb county authorities and Camp Gordon officials, and the Fulton county engineering department is now preparing estimates which will be submitted to the federal government with the request for federal aid.

It is the hope of the commissioners of Cobb county to obtain this aid and get this stretch of road improved before the truck transportation test, planned by the Georgia State Automobile association, the Dixie Highway association and the Chattanooga Motor club, with the co-operation of the federal government, to begin October 11. In this test trucks, loaded with supplies from the army supply depot in Atlanta, will make the trip to Fort Oglethorpe, Chattanooga, supervised throughout by officers from the supply depot quartermaster's office.

The fact that these officials have given the transportation test official sanction, together with the fact that the Camp Gordon artillery range is to be located at Black Jack mountain, in Cobb county, gives the Cobb county authorities hope that the federal government may come to their aid.

Major J. N. Pease stated Wednesday that he has yet received no word from Washington as to the federal appropriation which has been asked for the improvement of Peachtree road in DeKalb county.

THE OLD KURNEL TELLS THE SOJERS 'BOUT A WAR FLAG

The Old Kurnel was talking yesterday with a group of sojers outside the cantonment. A flag went by, guarded on either side by armed color-bearers. The sojers stood at attention and saluted. The Old Kurnel, heels together and head and eyes to the front, quickly doffed his slouch hat and stood erect and silent until the flag had passed.

"Guard it well, boys," shouted the Old Kurnel after the color-bearers. "And fight for it like the lads of the Third Regiment Georgia Volunteer Infantry did for the old confederate flag, sir, in the civil war.

"Ever see the old battle flag of this regiment down in the state capitol rotunda? No? Well, sir, it's well worth seein', since two of the regiment's color-bearers lost their lives for it, one other gave his right arm, and a fourth was so badly shot tryin' to rescue it that he had to be mustered out o' service.

"I remember th' first lad that took out the old flag after the secretary of war had given it to us in June of '62. Alexander L. Langstran was his name, and he lost his life fightin' for it at Gettysburg in '63.

"It was then given to a young Irishman, Dennis Ryan, b'name. Dennis carried the old flag 'til July, '64, when he was shot down at Petersburg, Va. Then Robert W. Bagley was assigned to carry it, and the poor feller lost his right arm near the same spot that 'Irish Dennis' was killed, at Petersburg. Frank W. Barnell followed Bagley in carin' for the flag, and he was so badly shot up at Hatcher's run, near Petersburg, that he had to be mustered out o' service.

"Young 'Jimmy' Hicks took it over after Barnell had to quit, and he carried it faithfully 'til the surrender at Appomattox, in '65. When the confederates were ordered to stack their guns and flags, 'Jimmy' slipped the old flag to Colonel Snead, who sneaked it under his coat an' marched off with it without anyone seeing him. The colonel gave it to a lady in Salem, Va., for safe keepin', and she later turned it back to Snead at Augusta. When Snead died the daughter took it and turned it back to the survivors of the Third.

"Then the Third boys made it a gift to the state and it's since been on show in the capitol just outside the governor's office.

"There it can be seen today. To the casual observer it may look like an old faded rag—there's only about one-third of the old flag left—but it will ever be a silent reminder of the great fight for principle and right and democracy—the same principles that are behind the great war you boys are gettin' ready to carry on for the safety of 'world democracy'."

The Old Kurnel wept a few tears, then "jitnied" back to town. The sojers were vividly impressed.

"Let's go over t' the capitol and see that flag, suggested one.

And they did.

Supreme Court of Georgia.

The call of the following cases for argument will begin at 9 o'clock a. m., on Monday, October 1, 1917:

538—Miller v. Bradford. Bibb.

OGLETHORPE UNIVERSITY HAS FINE ATTENDANCE

With a decided increase in the size of the student body, Oglethorpe university opened its 1917-18 session Wednesday. The number of new students matriculated was so large that the freshman class had to be divided into two sections.

The new street car line to the university has been completed, and it is believed that cars will be in operation between Oglethorpe and Atlanta by the end of the week. A railway station also is being constructed, the university having been designated as a "stop" by the Southern Railway company.

Preparations already are being made for Oglethorpe to be well represented on the athletic field this fall.

LITTLE LOCALS ABOUT THINGS OF CITY INTEREST

Mrs. Julia Eisfeldt was on Wednesday granted a temporary injunction against the city of Atlanta and Chief of Police William Mayo, restraining the defendants from molesting her in the operation of a rooming house at 135 Ivy street, where she now resides. The city council on Monday refused to give Mrs. Eisfeldt a permit and the court action followed. Mrs. Eisfeldt maintained in her petition that she was running a respectable rooming house. Mrs. Eisfeldt is represented by Attorney J. H. Leavitt.

O. T. Foster, a Buckhead farmer, was fined $1,000 or twelve months in the chaingang on Wednesday by Judge Andy Calhoun, of the city criminal court, on a charge of violating the prohibition law. Foster was accused of having hauled liquor into Atlanta and a quantity of booze was said to have been discovered at his home by officers. J. L. Freeman was fined $100 or twelve months for alleged complicity in another violation of the prohibition law.

T. J. Braswell recovered a verdict for $1,000 against the Georgia Railway and Power company in Judge Ellis' division of superior court Wednesday, for personal injuries alleged to have been received by him about three years ago when thrown from one of the defendant's cars near East Point. The plaintiff was represented by Attorneys Hewlett & Dennis and Westmoreland, Anderson & Smith.

O. H. Sims was bound over under a $200 bond by Judge T. O. Hathcock, of the municipal court, Wednesday on a charge of simple larceny. Sims was charged with having stolen a horse from W. L. Thompson about two years ago.

Rev. O. L. Jones, pastor of the East Point Baptist tabernacle, narrowly escaped death early yesterday morning when the parsonage of the tabernacle, in which he was living, was partly destroyed by fire. The parsonage is only about ten feet from the church and the firemen had a hard time preventing the flames from spreading to the church. Only slight damages resulted from the fire.

Dan McDuffie, 18, of East Point, was badly injured yesterday morning as the result of a collision between his motorcycle and a wagon belonging to the Fulton county reformatory at Gavinger's crossing on Lee street. He was taken to Grady hospital where it was found that his right leg was broken in addition to scalp wounds and painful bruises. McDuffie is said to have been adjusting some part of the machine and failed to see the reformatory wagon.

The Troy Auto company, with a capital stock of $75,000, and the C. C. Baggs Automobile company, with a capital stock of $15,000, were granted charters Wednesday by Judge George L. Bell, of superior court. A charter was also granted to J. E. Hanger, Inc., with a capital stock of $25,000. The petitioners were Paul M. Coleman and J. E. Hanger, Jr. The concern will manufacture and sell artificial limbs. The new corporations will have their principal offices in Fulton county.

Louis Rosen was bound over by Judge T. O. Hathcock, of municipal court, Wednesday on a charge of abandonment of his wife and seven minor children. His bond was placed at $400, in default of which he was sent to the tower. Attorney Leonard Grossman, who represented Mrs. Rosen, stated to the court that the Jewish Charities had spent over $1,000 in supporting the abandoned wife and children and in bringing Rosen back from Oklahoma for prosecution.

On evidence that the accident which caused the death of F. L. Deckner last Thursday at the corner of Peters and McDaniel streets when he was run over by the automobile of A. J. Floyd, was unavoidable, Recorder Pro Tem. Gordon Hurtel Wednesday afternoon dismissed charges against Mr. Floyd. Judge Hurtel also tried a number of cases of speeding and fined each of the defendants $25 and costs.

Lieutenant Joseph Acker, who recently received his commission in the department of hygiene, has received orders to report to Major Bowles, in Washington. Lieutenant Acker believes that he may be ordered to France within the next thirty days. He is a brother-in-law of Dr. L. O. Bricker.

WARM, WITH CLEAR SKIES, IS WEATHER MAN'S DOPE

A continuation of the warm weather that has been lingering in Atlanta's midst this week is promised for today, with indications that the mercury will scale to even greater heights. No indications of rain are reported, it being expected that the skies will be clear for the remainder of the week.

The trend of the mercury seems to indicate that the forces of the frost king have been ultimately routed, with little chance of them coming to the fore again this month. Today will, in all probability, be even warmer than previous days this week.

Disturbances of a minor character are reported to be central on the Pacific coast and near the southern coast of Texas. In the latter region, some rain has fallen during the last two days.

Local weather bureau authorities scoff at the mythical "equinoctial storms" that are commonly supposed to visit the coast regions on the twenty-second of every month. Nothing of this nature will affect weather conditions in this section, it is stated. The thermometer yesterday had a range from a minimum of 58 degrees, in the morning, to a maximum of 78 degrees. The maximum temperature for Atlanta today is expected to be about 83 degrees.

REGISTRATION TO CLOSE AT 10 O'CLOCK TONIGHT FOR TECH NIGHT SCHOOL

Today is the last day that students who wish to enter Tech Night school for the fall term can register, as the registration books will be closed by 10 o'clock tonight. Enrollment so far has come fully up to the expectations of the faculty, and well-filled classes in every department are now assured.

A heavy registration was anticipated, especially on account of the unusual demand for men of technical training in the government service, and Professor J. N. G. Nesbit, dean of the school, states that he has by no means been disappointed in this respect. Many young men who have been desirous of entering the army or government service in some capacity are now realizing that a good technical education is a great aid in this connection.

The fall term will open next Monday, September 24, at Georgia Tech, the classes being held in the evening from 7:30 to 9:30, and those who wish still to enter are urged to register today without fail.

HEALTH TALKS

BY WILLIAM BRADY, M.D.

EVERYBODY'S KARELLING.

It has been strongly intimated in this consoling column that any individual who will adopt the Karell diet may reduce her weight (and that doesn't exclude fat men, by any means) from eight to twenty pounds a week. Strong language? Yes. But the nourishment is none too strong, you will readily admit.

Dr. Karell was an eminent Russian physician, at one time the czar's physician. The Karell regimen is very simple, indeed, and has been given in detail in this department before, but the interest shown by letters I have received warrants further publication.

Fat women invariably insist that they eat moderately or even have bird-like appetites; yet the fact remains that when placed upon a diet of limited caloric value they begin to reduce.

The Karell regimen consists of from one to three or four days each week of rigid milk diet, and skimmed milk at that. The culprit takes a glassful (six ounces) of skimmed milk at 8 a. m., 11 a. m., 2 p. m., 5 p. m., and 8 p. m. The milk should be sipped very slowly, and may be hot or cold, as preferred.

Now many ladies desire to know whether they should buy their milk skimmed or skim it themselves. A little exercise is not dangerous for one on Karell diet, so it may be as well to skim the milk at home, and let Friend Husband use the cream in his morning coffee.

Others wish to know whether they should Karell on successive days or alternate days or how? Karell just as you please, three days handrunning or one day a week or every alternate day, or Mondays and Fridays—just suit yourself, and count two pounds lost for every day you Karell.

Those who Karell should keep within reasonable bounds on other days. It is better to fill up with the fodder foods, such as raw cabbage and lettuce or salads, beets, squash, turnips, carrots, fruits, soups, gelatin, bran gems, etc.

Often the small residue of a milk diet causes constipation and "biliousness," which may be relieved by a soapy water enema each day, or perhaps by eating a bran gem night and morning.

Initiates ought to free their thoughts of the bogy of starvation, for a fat person cannot starve as long as there is superfluous fat on the frame to be burned up.

The five glasses of skimmed milk give a total of, say, one quart in the day. That represents about 350 calories, which is little more than one-tenth of the fuel value of the diet generally consumed by a fat adult. In exceptional gases an extra glass or two may be permitted at night, or an orange or an apple may be eaten to tide over the long time between drinks. However, the strict milk regimen assures the best results.

QUESTIONS AND ANSWERS.

Takes Too Much to Make One Pale.

I have very red cheeks. They become very red when in company or nervous. A friend advised me to take strychnine every day and it would take away the color. I wish I could be pale, but I am afraid of strychnine. How much could one safely take for this purpose? I am perfectly healthy, so far as I know. (W. D. M.)

Answer—Strychnine has made lots of people pale for a long, long time. I suspect your friend has confused her poisons. The ignorants of ancient times, or the ancients of ignorant times, observed that persons with chronic arsenic poisoning looked very white and puffy or bloated; hence they assumed that arsenic was fine to make the complexion white and the flesh fat! If careful attention to diet and general hygiene does not correct your difficulty, do not experiment with poisons. Perhaps some good advice as regards clothing and diet would bring relief.

Every Other Day.

1. Is it ever normal for the bowels to move only every second day? You spoke of three movements a day, yet I feel fairly well with movements on alternate days only. 2. Is once a day too often for one doing little work to eat meat? (C. P.)

Answer—1. Not when on normal diet. One on limited milk diet or other limited diets may require only occasional evacuations. People with autointoxication from stasis usually feel "fairly well" for years before they begin to have trouble. The autoprotective mechanism of the body copes well with the auto-intoxication. Depends on individual ductless gland integrity, perhaps. 2. Once a day is at least twice too often to eat meat, if you do little work. Three times a week is often enough for a heavy worker to eat meat, if he has a good ration.

Dr. Brady will answer all signed letters pertaining to health. The names of writers are never printed. Only inquiries of general interest are answered in this column; but all inquiries will be answered by mail if a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, care of The Constitution.

Deserves Respect of All Law-Abiding Citizens

Editor Constitution: Congratulations on your recent editorials relating to the importance of stamping out the blind tiger and illegal forms of liquor traffic in Georgia.

Your efforts to create a general sentiment in opposition to illegal liquor traffic in Georgia, which will be sufficiently strong to wipe it out, is most commendable and deserves the respect of every law-abiding citizen.

New York, September 16, 1917.

GEORGIAN ON BOARD TORPEDOED VESSEL

J. N. Rainge, of Royston, Member of Platuria's Crew. 9 Men Lost and 45 Saved. Rainge's Fate Unknown.

London, September 19.—The American steamer Platuria was torpedoed by a German submarine on September 15. Forty-five survivors have been landed by the Italian steamer Andrea. The master of the Platuria and eight of the crew were drowned.

New York, September 19.—The Platuria was a tank steamsihp of 3,445 tons gross register, owned by the Standard Oil company, and was formerly known as the Diamant. She left Newport News, Va., in July with a cargo of oil for Italian ports and was commanded by Captain John Leslie.

Captain Leslie lived in Jersey City, N. J. All told, there were forty-one members of the crew and thirteen naval gunners. Among the crew, including the captain, there were sixteen Americans, as follows:

K. H. Nillson, first mate, South Perry, N. Y.; A. Seelback, second mate; T. J. Gilroy, third mate, Brooklyn, N. Y.; W. W. Neely, wireless operator, Rayland, Ohio; H. Darrow, boatswain, Denver, Col.; G. E. Bacon, mess boy; L. Hewitt, mess boy; T. Jackson, baker boy, Bellingham, Wash.; L. B. Lawrence, seaman, Macon, Mo.; J. Taylor, chief engineer, Brooklyn, N. Y.; R. H. Smith, first assistant engineer, Reno, Nev.; F. Bloomberg, second assistant engineer, Brooklyn, N. Y.; R. S. Falls, third assistant engineer, Portsmouth, Va.; J. N. Rainge, oiler, Royston, Ga.; W. H. Whittier, oiler, Springfield, Mass.

OSCAR MILLS IN FAVOR OF CONCRETE PAVEMENT

Says It Is Best Suited for the Heavy Traffic on Peachtree Road.

The proposed completion of a splendid concrete highway running from one end of Fulton county to the other by the paving of Peachtree road from the city limits to the county line, using concrete instead of a bituminous surface, has not received more serious consideration by the commissioners because certain property owners on Peachtree road preferred the bituminous paving, according to members of the county commission.

Chairman Oscar Mills stated that the concrete paving was the most lasting pavement which could be had and that it would be the best suited for the heavy traffic on that road.

The question of using concrete for this work has been discussed by the commissioners at various times, but it was finally decided to resurface the road with asphaltic-concrete instead.

The county has already made plans for beginning work on laying the asphaltic-concrete paving just as soon as materials can be procured, but the shortage of cars has held up the work from time to time. Lack of rail facilities is attributed to the fact that Camp Gordon is getting all of the available cars for shipment of materials to the cantonment and it is not definitely known when cars can be obtained by the county.

The concrete materials could be obtained in the Atlanta vicinity and no long hauls would be necessary, so that work could be begun at an early date, should concrete be decided upon. With the paving of Peachtree road with concrete such as is being used now in the road between College Park and East Point, a lasting highway which could take care of the heaviest traffic would extend north and south through the county from East Point to Atlanta.

It is understood that the objections presented by some of the Peachtree road residents are based on the fact that a concrete road would not "harmonize" with the handsome homes on that road, although it is recognized that the concrete road is the approved road of the day the world over and does not require frequent resurfacing, as do other grades of paving.

PHARMACY GRADUATES ARE CALLED TO COLORS

Among the 1917 graduates of the Southern College of Pharmacy, who have just received their diplomas, is John A. Lazardes, formerly of Cairo, Egypt, now in New York, who has been called to service under the selective service law. He is said to have a brother and father fighting for the sultan. Carl B. Anderson, H. L. Candler and Eugene Ellison, all of Georgia, have also been called from the 1917 class under the selective draft law.

The other members of the graduating class follow:

B. Cruz, Florida; P. H. Duning, Mississippi; L. L. Henry, Georgia; A. G. Howard, Alabama; Buress Johnson, Mississippi; W. C. Lawrence, Kentucky; C. M. Mayhall, Alabama; B. M. Miller, Alabama; R. L. Nichols, Georgia; G. A. Stegar, Kentucky; J. C. Yearwood, Jr., Tennessee; M. Van Zandt, Mississippi; James D. Zemp, South Carolina.

WATSON FILES APPEAL IN THE DRAFT CASE

Augusta, Ga., September 19.—Thomas E. Watson, of Thomson, caused to be filed with the clerk of the United States court here today proceedings in appeal from the recent ruling of Judge Emory Speer in which the constitutionality of the selective draft act was upheld.

Swagger Sticks, Crops and Military Watches

You will find that we are headquarters for Military Watches, Swagger Sticks, and Crops.

Swagger Sticks with Sterling caps and shell-shaped ferrules range in price from 75c up to 14K. gold-mounted ones at $18.00.

Luminous dial, 7-jewel Elgin Nickel watches with Kitchener straps are featured at $11.50. Others up to $65.00.

Call and let us show you our splendid assortment, or write for a copy of our twenty-second annual catalogue.

AMUSEMENTS

New Vaudeville Bill.

(At Loew's Grand Theater.)

Pretty and petite Helen Page will be the headline feature of the new vaudeville bill at Loew's Grand theater today. Miss Page is a dainty little actress who comes to vaudeville from star rolls in comedies in the "legitimate." She heads her own company at the Grand and produces a little comedy playlet of real stage life, with a delightful touch of pathos and thread of love and many laughs in it, entitled "The Understudy." The newest steps from little old Broadway are demonstrated in the "Dance Originalities" of Kennedy and Kramer. Jarvis and Harrison entertain with a laughable mixture of song and nonsense. A real singing organizaton, specializing in ragtime hits, is the Adanac Trio. John and Ollie Vaness present a series of thrilling feats upon the tight wire. The photo-play is an exciting story of love and adventure, entitled "Flirting With Death," in which Herbert Rawlinson, a popular star in Atlanta, is the star.

"Amsterdam Girl."

(At Keith's Lyric.)

"The Girl From Amsterdam," a snappy and extravagantly staged little musical comedy with Roy Clair heading a cast of ten, is top feature of the new show opening this afternoon at B. F. Keith's Lyric. Ted Boyle and Harry Brown will be another top-notch feature of the new show, two comedians and a pianist they present an act extraordinary. Other acts will be the VanDykes in a music and song offering; Klein Brothers, character comedians, and the Dunedin Duo, novelty wire artists. There also will be Hearst-Pathe news pictures and Burton Holmes travelogues.

Annette Kellermann.

(At the Forsyth.)

Annette Kellerman, known the world over as the most perfectly formed woman, will open the season at the Forsyth theater next Monday in the great Fox scenic spectacle, "The Daughter of the Gods." This immense production is the greatest thing Fox, the master artist, has ever given to the screen world. The Forsyth has been thoroughly renovated for the opening and will be practically a new theater when it opens its doors to the thousands expected during next week. Every preparation has been made to make the opening one of the big theatrical events of the year and the public is assured of a series of the best pictures produced by the leaders in the movie field.

"War on Three Fronts."

(At the Alpha.)

Captain Kleinschmidt's marvelous pictures, "War on Three Fronts," will be given its first showing at 5 cents today, when the Alpha theater will offer these films to its patrons. "War on Three Fronts" are genuine war pictures. There is nothing faked about them. In fact, to press home this point, the people who are handling the film are offering to donate $5,000 to charity if a scene is proven spurious. All phases of the fighting have been caught by the camera of the intrepid captain and Atlantans will have an unusual opportunity presented to them today.

"The Spy."

(At the Criterion.)

Those who enjoy a genuine thrill and appreciate a good photo-play should see "The Spy," which is being presented this week at the Criterion theater and has but three more days to run. Dustin Farnum, who plays the leading role, is seen as an indolent young American, who goes to Germany in order to obtain a list of the imperial government's spies in the United States. He runs into every sort of danger and takes his life in his hands more than once. In the end, however, he gains the list he has wanted. The intricacies of diplomacy just before the American declaration of war are exposed to the public in a manner which is at once easy to grasp and interesting to watch. With every foot of film comes a new thrill that finally works into a stirring finale.

Madame Petrova.

(At the Rialto.)

Noted for her exotic, almost Oriental beauty and style, Mme. Petrova, who is appearing in a screened version of "Exile," a Paramount picture, at the Rialto theater today, Friday and Saturday, is wearing gowns of even more than her usual splendor and daring. Among them is one especially sumptuous affair of stiffest dull blue brocade heavily embroidered in silver. Its effectiveness is in its simplicity and the straight, almost severe lines of it are broken only by an exquisite filigree silver girdle set with turquoise. A short narrow train adds its bit of charm sweeping about the dull silver slippers and stockings of dull blue.

Alice Joyce.

(At the Strand.)

Two of the most widely known women writers of fiction in the country, Mary E. Wilkins and Florence Morse Kingsley, collaborated in writing "An Alabaster Box," the Greater Vitagraph-Blue Ribbon feature, which will be the attraction at the Strand today, Friday and Saturday. It is the story of a village of hate, where spite, jealousy and gossip make all but impossible the efforts of a young woman to make restitution for wrongs done the community by her father, once its leading citizen. The picture is filled with tense scenes and given by an all-star cast headed by Miss Alice Joyce and Marc MacDermott.

Marguerite Fischer.

(At the Vaudette.)

Marguerite Fischer, as "The Girl Who Couldn't Grow Up," will be at the Vaudette today. Miss Fischer's work in this part won for her unstinted applause from reviewers in New York and in other large cities in the east, where the play made a distinct hit and gained for the little star a large number of new admirers. Friday and Saturday the Vaudette will offer Miss Juliette Day in her initial photo-play, "The Rainbow Girl," a refreshing, clean story, a happy, optimistic play.

Bessie Barriscale.

(At the Odeon.)

Bessie Barriscale is the captivating star of the Odeon program today only in "The Iron Claw," a typically masterful Triangle production from every standpoint. There is a splendid cast supporting Miss Barriscale and the program is augmented by a comedy feature today.

Today at the Movies.

ALAMO NO. 2—Florence LaBadie in "War and the Woman."
VAUDETTE—Margarita Fischer in "The Girl Who Couldn't Grow Up."
CRITERION—Dustin Farnum in "The Spy."
RIALTO—Olga Petrova in "Exile."
STRAND—Alice Joyce in "An Alabaster Box."
ODEON—Bessie Barriscale in "The Golden Claw."
ALPHA—"War on Three Fronts."

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If tongue is coated, give "California Syrup of Figs."

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping. When cross, irritable, feverish or breath is bad, stomach sour, tongue coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—(adv.)

JUDGE ADAMSON SLATED FOR HIGH FEDERAL POST

Rumored Wilson Will Name Georgian for Court of Customs Appeals.

By P. H. McGowan.

Washington, September 19.—(Special.)—Congressman W. C. Adamson, of Georgia, it was rumored here today, is soon to be nominated for the position of judge on the bench of the court of customs appeals at New York, the salary of which is $9,000 a year.

For several months it has been known here that the president was so much pleased with Mr. Adamson's handling of the eight-hour railroad law last year and with his general course in congress that he was willing to give the Georgia congressman almost anything in his power. If Mr. Adamson accepts this place, there is certain to be a big scramble to fill his position in the house, not less than half a dozen names of prominent men in his district having been mentioned here today in casual conversation.

Mr. Adamson, when asked about the matter, said the president had not mentioned it to him.

The retirement of Judge Adamson will remove from congress one of its most picturesque characters and strongest members.

Judge Adamson is now serving his eleventh term, going on twenty-one years, as representative from the Fourth district, which is the longest consecutive service of any Georgian and exceeded only by that of Alexander H. Stephens, who served sixteen years before the civil war and ten years afterward. Only once during the two decades has he been opposed for re-election, and on that occasion was returned by an overwhelming majority.

During his service in congress Judge Adamson has held membership continuously on the powerful interstate and foreign commerce committees. Since the democrats came into control of the house in 1910, he has been chairman of this committee.

SPLENDID RACE ENTRIES FOR SOUTHEASTERN FAIR

Scott Hudson Meets With Fine Success at Grand Circuit Meeting in Columbus.

When R. M. Striplin, secretary of the Southeastern Fair association, returned to Atlanta Wednesday, after a highly successful trip to Nashville, Tenn., to secure entries to the Grand Circuit races and to general exhibits he found a telegram awaiting him from Scott Hudson, chairman of the fair racing committee, who is in Columbus, Ohio, which indicates that the Grand Circuit races at the Southeastern fair, October 13 to 20, will be the biggest thing of the sort the south has ever seen.

His telegram follows:

"R. M. Striplin, Secretary, Atlanta, Ga.: Prospects are for the best meeting ever held in the south, rivaling Lexington, Ky., in number and class of horses entered.

"I have secured all of the Grand Circuit stables, including 'Pop' Geers, with St. Frisco, 2:01¼; Murphy, with Real Lady, 2:04¼; Cox, with Mabel Trask, 2:03¾; Lon McDonald, with Early Dreams, 2:04¾; also the Marin stables, with the world's champion pacer, William, whose time is 1:58½; Fred Jamison, with Single G, 2 minutes, and all the best stables in the north.

"All classes are well filled. The horsemen have heard of our wonderful track and are coming to see it. Let's see some more world's records made over Lakewood track and put Atlanta on the map in the horse world.

(Signed) "SCOTT HUDSON.

"Columbus, Ohio, September 19, 1917."

In Nashville Secretary Striplin met with great success in securing entries for all departments of the fair.

25,000 ODD FELLOWS TO MARCH IN LOUISVILLE

Louisville, Ky., September 19.—Odd Fellows from all parts of the United States and Canada who are here attending the ninety-third session of the sovereign grand lodge of their order sidetracked business today to take part in a patriotic parade with approximately 25,000 persons in the line of march.

PARKER KEEPS PLACE IN KIRKWOOD SCHOOLS

James Jandrew, M. W. Gober and T. M. Smith Elected on Education Board.

Kirkwood's hot political fight came to a close last night when James A. Jandrew, M. W. Gober and T. M. Smith were elected to places on the Kirkwood board of education.

The victory of these candidates is significant in that it assured the retention of W. M. Parker as superintendent of Kirkwood schools, the opposing faction being determined to oust him from his position.

The polls were opened at 6 o'clock Wednesday morning. At 6 o'clock in the evening the results were announced, which are as follows:

James A. Jandrew 168, against 161 for W. M. Sutton; M. W. Gober 168, against 161 for V. H. Shearer; T. M. Smith 168, against 158 for M. S. Ransom.

"Our course has been vindicated by the voice of the people," said Professor W. M. Parker last night.

"It is not a partisan victory," said Sam Johnson, campaign leader for the Parker contingent, in a speech to an open air mass meeting at Kirkwood last night; "it is a victory for Kirkwood, and it was won cleanly in a campaign that was conducted cleanly. It will, I think, eliminate the spirit of political discord that has existed here for so long."

The mass meeting was followed by a parade that took in the main portion of the town. A large number of Kirkwood school children took part in the celebration.

NEW COMPANY ENTERS INSURANCE FIELD HERE

A new insurance company has entered the field in Atlanta and the southeast. The Firemen's Fund Insurance company has recently formed the Home Fire Marine Insurance company, with a capital of $500,000 and surplus of $1,000,000, which will open southeastern headquarters in the Hurt building in the same offices with the Firemen's Fund.

This company will have branch offices in the states of Virginia, North and South Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana, which is the same territory covered by the parent company.

E. T. Gentry, manager, and Charles A. Bickerstaff, assistant manager, of the Firemen's Fund, will also direct the new company in this territory. The company will be in operation within the next sixty days.

ABSOLUTELY NOTHING BETTER THAN CUTICURA FOR THE SKIN

The Soap to cleanse and purify, the Ointment to soothe and heal all skin troubles that itch, burn, crust and scale. They prevent little skin troubles becoming serious, and used for every-day toilet purposes have no superior for maintaining the purity and beauty of the skin, hair and hands.

For Trial Free by Return Mail address post-card: "Cuticura, Dept. 24, Boston." Sold throughout the world. Soap 25c. Ointment 25 and 50c.

BRITISH CASUALTIES 27,162 FOR LAST WEEK

London, September 19.—Casualties in the British ranks reported for the week ending yesterday follow:

Killed or died of wounds, 135 officers and 4,755 men; officers wounded or missing, 431; men wounded or missing, 21,843.

CRACKERS SCATTER TO THEIR HOMES

Edited by DICK JEMISON

LOCALS MAY PLAY AMATEUR CHAMPS

Game Proposed for Montgomery Next Sunday With the Rail Lights, of Toledo, at Camp Sheridan.

The Montgomery, Ala., Chamber of Commerce is arranging a baseball game for Camp Sheridan, which is near Montgomery, for next Sunday, between the pennant-winning Atlanta Crackers and the Rail Lights, the amateur champions of America.

The Rail Lights are from Toledo, Ohio, and arrived in Montgomery with the Ohio guard yesterday, and arrangements for a game with some strong team to be staged next Sunday were at once started.

But the word to Manager Frank was received after the players had made their arrangements to return to their homes, and the complete pennant-winning team cannot take part in the contest.

Moran Has Team.

But Manager Frank has turned the proposition over to Roy Moran, and the Cracker left fielder is getting up a team to play the contest, a team that will be a representative one and should be able to give the Rail Lights a splendid battle.

He will have himself in left field, Timeon Bowden, Gull star, in center, and Frank Thrasher in right field.

Tex McDonald will be on hand to play third base, while the two Thrasher boys, Ike and Loring, will be available for places if necessary.

Sammy Mayer will play second base in the contest and Ham Hyatt, Kid Elberfeld and Bob Higgins can be secured from Chattanooga to fill out the team, with Red Day, who is still in Atlanta, as one of the pitchers.

Roy would probably line up his team as follows: Bowden, cf.; McDonald, 3b.; Moran, lf.; Hyatt, 1b.; Thrasher, rf.; Mayer, 2b.; Elberfeld, ss.; Higgins, c., and Day, p. And this team, with the Thrasher boys as reserves, would give a splendid account of itself and represent the Crackers formidably.

EIGHTEEN ROUNDS AT THE COLUMBIA ON FRIDAY NIGHT

Johnny "Kid" Underwood, the Nashville scrapper, and Battling Ellis, of this city, are down to hard training for their contest at the Columbia theater Friday night. The two little ringmen have promised to be at their very best for this contest, with the result that they are working like trojans in their training grind.

Besides the main event there will be two four-round bouts on the card, making eighteen rounds of boxing in all. The bouts will be put on immediately after the theatrical performance, with no extra admission charge. The first ten rows on the main floor will be reserved, so that fans can get their tickets in advance.

Mike Saul will again be the third man in the ring, which means that there will be plenty of action between the rival boxers.

WHERE THEY PLAY TODAY

National League.

Boston in St. Louis; N. Y. in Pittsburg. Philadelphia in Chicago.

American League.

Chicago in Phila.; St. Louis in Washington; Detroit in Boston; Cleveland in New York.

1917 Crackers Scatter To Their Home Cities

Those Remaining Will Work in Atlanta This Winter—Gossip for Next Season.

By Dick Jemison.

The pennant-winning Crackers scattered to their various homes throughout the United States yesterday, early morning trains taking the players on their way, and by noon there were but three Crackers remaining in the city.

Sammy Mayer, who will sell Hires' Root Beer on the road, will make his headquarters in Atlanta, but he left yesterday on his first road trip. Atlanta fans are certain that Sammy will make a big success of his new venture.

Roy Moran has returned to the selling of automobiles, which business he was engaged in during the fall and winter months last season.

The third of the pennant-winners to winter here is Tex McDonald. Charley has located with Jack Hayes and will be in charge of the latter's branch store near the Camp Gordon cantonment.

Secretary Charley Colsson will remain in Atlanta and superintend the winding up of all the club's affairs and put the park in shape for the winter.

Where They Go.

Manager Charley Frank, accompanied by Mrs. Frank, will leave Friday for Bay St. Louis, Miss., where he will fish and hunt for the winter, principally fish. The Dutchman has a handsome house boat in which he spends practically all of his winter months.

Captain Tom Reilly left Wednesday for New Orleans, where he will return to the position he vacated to play ball this season. He has a position with one of the largest sugar refineries in Louisiana and stated on leaving that he was determined to retire from the game forever and turn his thoughts to a business career.

Cy Perkins left prior to the benefit game, being called to Philadelphia by Connie Mack, to help out the catching department for the remainder of the season. Val Picinich left yesterday for Philadelphia and the two will probably get considerable work for the remainder of the American league season.

Scrappy Moore left several days ago for his home in Little Rock, Ark., to visit his mother prior to joining the navy. He enlisted as a yeoman at the Atlanta recruiting office and will return here this week to get his assignment.

Sheehan in Army.

Tom Sheehan received a wire Monday from the exemption board at Streator, Ill., to report at once for service and Tom will go to the training camp with the forty per cent from his district that are reporting for training this week.

Otto Hess and Ad Brennan pulled out of here on the same train, the latter going to Kansas City, where he has a position, and the former to Cincinnati to look after his bowling alley interests in Redland, who succeeded Sallee, held the locals hitless until the seventh, when a single, two infield outs and a wild pitch sent the winning run across.

Ollie O'Mara will not report to the Brooklyn club until next spring. He went direct to his home in Kerry Patch, St. Louis.

Jake Munch left for his home in Lansdowne, Pa., and Rube Bressler was on the same train bound for his Pennsylvania home, after a brief sojourn in Philadelphia.

Frank Thrasher, accompanied by his brothers, Ike and Loring, left for Watkinsville, Ga., their home, for a brief visit, but their plans for the winter are not definite. Frank will return to look after his drug store interests at Madison, Ga.

Phifer Fullenweider is another pill roller, the chubby pitcher leaving for "somewhere in North Carolina" to resume his work behind the prescription counter.

Virgil Manson Day will return shortly to Clarksville, Ark., but not to resume the teaching of the more or less benighted youth of Arkansas. Virgil says he is through with the school-teaching job.

Who'll Be Back.

Cracker fans will naturally be interested in who we will have back with us next season to build the 1918 Crackers out of.

Jake Munch will be the only man left in the infield, if Tom Reilly and Tex McDonald stick to their determination to quit the game and Ollie O'Mara decides to play ball in the east next season. Scrappy Moore will be in the service of Uncle Sam.

Moran is the only outfielder who is certain of returning. Frank Thrasher is talking of quitting the game to give his entire attention to his drug store and Mrs. Thrasher is anxious that hubby do so.

Sammy Mayer is talking about hanging on to the job that he has just secured. He has a swell proposition, he says, and if he makes good this winter he may decide to continue on the road for his firm and not return to the game next season.

Val Picinich and Cy Perkins will both be given thorough trials by Connie Mack, and even if either or both should come back it will only be after the Southern league season is under way somewhat, as Connie is sweet on both of the kids and wants to look them over in several games in the actual big league campaigning.

Tom Sheehan will be in the service of Uncle Sam. Rube Bressler will probably be drafted by some big league club. This will leave us Day, Fullenweider, Hess and Brennan to start off the hurling duties with next spring.

"Let Me Rest," Says Frank.

We jumped Dutch Frank about what he was going to do for next season and the Dutchman hollered: "Holy smoke, here we're just through with one season and you want to know about another. Let me rest, will you, I'm tired out."

But the Dutchman knows what he's up against, don't worry about that. He's going to forget it all, though, for some time at least, while the fish are nibbling good.

He needs two outfielders, three infielders, two pitchers, two catchers and a utility man, and maybe more.

NATIONAL LEAGUE

Cubs 4, Giants 3.

Chicago, September 19.—New York closed its National league season in Chicago today with a 4-to-3 defeat at the hands of the locals.

Sallee, who started for the league leaders, was hit hard, the locals making three runs off his delivery. Two singles, with a sacrifice and an outfield out, gave Chicago one run in the first. A double, a sacrifice and a single netted one in the third and after Zeider perished stealing, Merkle hit the ball on a line into the left field bleachers for a home run. Anderson, who succeeded Sallee, held the locals hitless until the seventh, when a single, two infield outs and a wild pitch sent the winning run across.

New York bunched hits behind a base on balls in the third inning for a run and scored another run in the eighth in the same manner with a wild pitch aiding them. They threatened to tie the count in the ninth inning, when Robertson, batting in the pinch, doubled and scored on a single. The next three men were easy outs.

BRAVES 6, PIRATES 4

Pittsburg, September 19.—Pittsburg and Boston broke even in today's double-header, the home team taking the first, 2 to 1, and Boston the second, 6 to 4. In the first game Barnes held Pittsburg to one hit up to the ninth inning, when the first five men up all singled, scoring two runs and winning the game.

Each of the teams used three pitchers in the second game. Jacobs, who had won the first game, started the second, but was forced to give way in the third inning.

Brooklyn-St. Louis—rain.

Queries Answered

Under this head the sporting editor will endeavor to answer all questions pertaining to all branches of sports.

A beat B that Cleveland wins the next two out of three games played with Chicago. Neither A or B knew the schedule called for only two games. Chicago won woth games. Does B win the bet or not?—A. S.

The bet is off. Suppose that Cleveland won the first game and Chicago the second. There would have been no chance to decide the bet with but two games scheduled. Where there is no chance to win, there can be no chance to lose.

RED CROSS BENEFIT GOLF NEXT SUNDAY

"Little Bob" and Perry Play Willie Mann and Jim McKenzie at Brookhaven.

A special match foresome, the proceeds from which will be donated to the Red Cross, will be played at the Capital City Country club next Sunday.

Little Bob Jones and Perry Adair, Atlanta's two boy golfers, will be pitted against Willie Mann, the Druid Hills Golf club professional, and Jimmy McKenzie, the Capital City Country club professional.

Eighteen holes will be played in the morning and eighteen in the afternoon and all golfers of the city are invited to attend. The morning round will start at 10 o'clock and the afternoon round at 2:30 o'clock. Atlanta golfers are in for a splendid exhibition and at the same time help a worthy cause.

AMERICAN LEAGUE

Athletics 2, White Sox 1.

Philadelphia, September 19.—A wild throw by Leibold with two men out in the ninth inning and the score tied, gave Philadelphia the victory over Chicago today, 2 to 1. The home team scored in the fifth inning on McInnis' single, an out, and McAvoy's single. The visitors tied the score in the eighth. Leibold opened with a single, went to second on McMullen's sacrifice, and scored when Collins' grounder bounded over Witt's head. With two men out in the home team's half of the ninth, Palmer was given a base on balls by Cicotte. Strunk singled to right and Leibold threw to catch Palmer at third base. The ball went wide and bounded into the grandstand, Palmer scoring.

EVERETT STRUPPER STARTS PRACTICE

Everett Strupper, Tech's backfield star, had his first workout with the Yellow Jackets yesterday, and the fleet-footed all-southern halfback is looking forward to the greatest season of his career.

Strupper is heavier than he was last season, and with the added weight and the same speed that made him such a terror to the opposition last season, he will be of even greater value to the Jackets this season than ever before.

The Jackets have been working steadily for the past several days and by next week all the summer softness will have worn off and the squad will be in shape to drive for the first game of the season, which takes place a week from Saturday.

TO QUALIFY TODAY AT WEST END CLUB

The West End Golf club will hold its first tournament this week, with the qualifying rounds of a handicap tournament scheduled to be played Friday and Saturday, the match play rounds starting immediately thereafter.

Prizes will be awarded to the winners and runners-up in each flight and for the low scores in the qualifying rounds.

DRAFTED PLAYERS TO BE KNOWN TODAY

Commission Meets in Cincinnati—The World's Series Starts October 6.

Cincinnati, September 19.—Baseball magnates from all parts of the country began arriving here today for the meeting of the national baseball commission and the major league presidents tomorrow, at which the annual drafting of minor leaguers into major league company will take place.

It was semi-officially announced tonight that the first game of the world's series could not be played before Saturday, October 6, on account of the schedule of the National league running almost up to that date. The place for playing the opening game will be decided by the toss of a coin.

The only other interleague series to be decided this year which will be under the direction of the national commission will be between Cleveland and Cincinnati. This will probably be commenced October 4.

Picks Giants to Win World's Series and Is Arrested as Insane

Chicago, September 19.—When Henry Spies, of Milwaukee, began shouting predictions today that New York would triumph over Chicago in the coming world's series, he was taken to the psychopathic hospital for examination as to his sanity.

Previously Spies had stopped residents of a suburb, and insisted upon highly excited discussion of the war. He was attired in a blue and white suit, a red shirt, a cream-colored hat and suede shoes.

ELBERFELD TO LEAD LOOKOUTS IN 1918

Chattanooga, Tenn., September 19.—Formal reorganization of the Chattanooga Southern Association baseball club for the 1918 season was perfected today and arrangements made to pay a small deficit out of the 1917 campaign. It was stated that the local club had the most prosperous season in its history, the loss being the smallest recorded since the city re-entered the league in 1910. Five thousand dollars additional stock was sold and many local business men have become actively interested in the club. Fred H. Cantrell was elected president of the company, succeeding Fred S. Shepherd, who resigned. Norman ("Kid") Elberfeld probably will manage the club again in 1918.

INDIANAPOLIS CLUB WINS THE PENNANT

Chicago, September 19.—The Indianapolis club won the pennant of the American association with a good margin over St. Paul and Louisville, which were tied for second place when the association season came to an end today.

Plans for a post-season series between Indianapolis and the Toronto club, winner of the International league pennant, were announced today.

The other American association teams ended the season in the following order: Columbus, Milwaukee, Minneapolis, Kansas City and Toledo.

L. S. U. Grid Dates.

Baton Rouge, La., September 19.—The 1917 football schedule of Louisiana State university was announced here today as follows:

October 6—Lafayette at Baton Rouge.
October 13—University of Mississippi at Oxford.
October 20—Sewanee at New Orleans.
October 27—Texas A and M. at Beaumont.
November 3—University of Arkansas at Shreveport.
November 10—Mississippi college at Baton Rouge.
November 17—Mississippi A. and M. at Baton Rouge.
November 29—Tulane university at Baton Rouge.

ATLANTA'S SENIOR GOLFERS IN MEET

Qualifying Round of Invitation Tourney at Ansley Park Friday and Saturday.

The invitation golf tournament for the senior golfers of Atlanta will begin over the Ansley Park golf course Friday, with the qualifying rounds slated for that day and the following one.

Only players over fifty years of age will be eligible for the tournament. The club handicaps of the players will apply, and if they have no handicap, these will be allotted them by the handicapping committee.

Senior golf tournaments are features in every city in America, and in making a start here the Ansley Park club is to be commended. One hundred and fifty golfers qualified for play in the tournament that started at Apawamis on Tuesday.

Chief Bender, according to rumor, is working under a contract that calls for a small salary and $50 extra for every winning game.

BRAVES WILL ISSUE DEFI TO RED SOX

Boston, September 19.—Percy D. Haughton, president of the Boston National League baseball club, indicated in a statement tonight that "at the proper moment" he would propose a city series with the American League club. Mr. Haughton made it plain, however, that he would initiate no such action unless every possible chance of a Red Sox victory in the American league race was eliminated.

S. S. S. PROVES ITS POWER IN DEALING WITH CATARRH

Don't Get the Spray and Salve Habit.

The experience of nearly every person afflicted with Catarrh is identical. First, usually, what is commonly known as a bad cold seems to "hang on" with considerable stubbornness. The air passages become inflamed and choked up, rendering breathing painful and difficult. There is constant hawking and spitting in an effort to clear the nostrils, the throat becomes irritated and unless the proper treatment is used, the patient is in for a siege.

This will be your experience if Catarrh gets a foothold in your system. Then, like thousands of others, you will quickly want to know the best treatment for this dangerous ailment.

But you are in position now to profit by the mistakes which others have made who have been using the wrong treatment. Do not be led into the belief that because your air passages are stopped up making it hard to breathe, that you can be permanently cured by the use of sprays, ointments, salves, etc., applied to the locally affected parts.

Similar remedies have been used for years by thousands of Catarrh sufferers and you will not find many who have been cured by this treatment alone. In fact the disease is getting a firmer hold on their system all the time because this local treatment can do no more than afford temporary relief.

By using the proper means at the beginning, many people could avoid Catarrh entirely, and prevent the disease from getting a foothold in their system. After it gets hold of you, however, it is unwise to temporize and neglect the proper treatment, because Catarrh has a tendency toward the lungs, and everyone knows what a serious condition they are in when the lungs become affected. In fact, dreaded consumption, in many cases, could be prevented if Catarrh was properly treated in time.

The reason why Catarrh cannot be cured by local applications of sprays, douches, ointments, salves and other locally applied remedies alone, is because it is a blood disease, and comes from millions of tiny Catarrh germs which find lodgment in the blood. Unless the system is in such perfect condition as to be able to throw them off, these germs multiply rapidly until the blood becomes thoroughly infected with them.

The irritation of the membranes and air passages, which become stopped up and make it difficult to breathe, are only manifestations of the trouble, and not the disease itself. The germs make their attack on these delicate parts of the body because here they find the least resistance, and hence they can easily set up their work of destroying the tender tissues. The use of sprays and douches only unstop the accumulations in the air passages, which very promptly reappear.

This explains why victims of Catarrh have to use local treatment so constantly. Catarrh can only be reached by a remedy which goes down to the source of the disease—the blood. S. S. S. has proven its value in the treatment of this disease, because it is an unequaled blood remedy which drives impurities from the blood and cleanses it of disease germs.

S. S. S. is guaranteed to be purely vegetable, has been on the market for fifty years, and is sold by druggists everywhere. It has a wonderful record for combatting blood disorders, and you should begin today taking it for your Catarrh. The Medical Director will gladly give you advice as to additional treatment, without charge. Write him full information about your case, and he will tell you just what you should do. Address SWIFT SPECIFIC COMPANY, 98 Swift Laboratory, Atlanta, Ga.—(adv.)

Just Once! Try Dodson's Liver Tone! Take No Calomel! Listen To Me!

If bilious, constipated, headachy or sick, I guarantee relief without taking dangerous calomel which sickens and salivates.

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight, and if it doesn't straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine, entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Save Money Now On Hudson Super-Six

Many former $1200 to $1400 cars now cost about as much as a Hudson Super-Six.

Price has always been a fairly accurate index of quality. But just now, because of the headlong rising of material costs, price is not a true indication of value. Fifty-one cars have been forced to advance prices 20% to 25%.

The present supply of Hudson Super-Sixes is built from materials contracted last year. Since then material costs have almost doubled. When that supply of materials is exhausted, then, Hudsons, too, must cost more. By prompt buying you can save the difference between what a Hudson Super-Six now costs and what it must certainly have to cost when its price is influenced by the present material market.

When former cheaper cars could be bought at $200 to $300 less than the Super-Six, no two of them had sales equal to those of the Hudson. That shows how popular the Super-Six has always been as compared to other cars. It is easy to imagine how much more popular it will be now that there is no such price advantage. The Hudson Super-Six has made itself the wanted car as compared with others.

It is the largest selling fine car. Almost 40,000 are in daily use. It has established itself as the life-time car.

The Constitution's Markets, Business and Financial News and Reviews

Rapid and Excited Advance Was Scored by Cotton Wednesday

Cotton Seed Oil.

New York, September 19.—Substantial gains were recorded in cotton oil today, the outcome of good buying for local and outside account inspired by the strength in lard and cotton, and broadening demand from consuming interests. Final prices showed net gains of 22 to 26 points. January sold up to 15.74 and closed at 15.73. Sales, 35,700 barrels. Prime crude, 14.27 bid.

Following is the range in futures:

	Open.	Close.
September	16.70@17.00	16.75 bid
October	16.00@16.05	16.16@16.14
November	15.60@15.65	15.69@15.71
December	15.60@15.61	15.71@15.73
January	15.63@15.64	15.73@15.74
February	15.60@15.74	15.74@15.79
March	15.72@15.80	15.83@15.85
April	15.70@15.95	15.85@15.99

Tone steady; sales, 35,500.

BRUNSWICK TO GET BIG STEEL SHIP COMPANY

Plant With Government Contract for $18,000,000 to Locate There.

Brunswick, Ga., September 19.—(Special.)—Information has just been received in Brunswick from Washington that a company now closing a contract with the government for the building of several steel vessels, $18,000,000 being involved in the contract, will erect its plant in Brunswick. Details of the contract have not as yet been announced, and the name of the company is not given.

Those in position to know state that the contract will go to Oscar Daniels & Co., the officials of which company recently came to Brunswick, closed contracts for a site and announced that active work on the big plant would begin as soon as a contract was closed with the government. Officials of the company have since been in Washington, and, according to the information received here today, the contract with the shipping board will be closed at once.

The plant of the company in this city will probably be the largest shipbuilding concern in the south. The site selected is at the terminals of the Atlanta, Birmingham and Atlantic railroad.

The contract, it is understood, calls for the construction of twelve all-steel steamers, each to cost $1,500,000. The plans of the plant will be laid so that six ships can be built at the same time. It is also understood that this company will erect in the southern portion of the city some hundred or more houses for its employees.

STUDENTS VOLUNTEER IN BUILDING SCHOOL

Americus, Ga., September 19.—(Special.)—The scarcity of labor in Sumter county has seriously interfered with construction work on the new administration building of the Third District Agricultural and Mechanical school, and students at that institution have volunteered to assist masons in building the walls. The young men are paid the same wages as other laborers and manifest much enthusiasm in their work.

AVOID FOOD POISON

Keep the Liver Active and Stomach Clean.

Food Poison is produced through fermentation in the bowels of undigested food which has not been properly assimilated, and therefore not digested and purified through the action of the liver. This undigested food collects in the bowels and glands of the body and generates poisons which produce Rheumatism, Headache, Mental Dullness, Fatigue, Lassitude, Jaundice, Sallowness.

JACOBS' LIVER SALT is needed, and needed BADLY, a teaspoonful before breakfast will stimulate the liver, flush the alimentary canal, relieve the bowels of the putrefied mass of undigested food and refresh the entire system, at once, making a complete change in the condition of the man or woman who acts in time. But prompt action is imperative, otherwise the poisons will have been distributed. Consequently, it is advisable to take Jacobs' Liver Salt promptly when a deranged Liver gives warning. At druggists everywhere or sent direct for 35 and 75 cents. Jacobs' Pharmacy, Atlanta.—(adv.)

GEORGIA—Fulton County—

Fannie Mae Gibson vs. O. T. Gibson. O. T. Gibson:

By order of court, you are hereby notified that on the 4th day of September, 1917, plaintiff filed suit against you for divorce, returnable to the November term of said court.

You are to be at the November term of said court, to be held on the first Monday in November, to answer the plaintiff's complaint.

Witness the Hon. J. T. Pendleton, judge of said court, this September 4, 1917. Clerk.

March	20.42	20.88	20.02	20.69	20.01
May	20.50	21.01	21.00	20.88	20.16

Closed steady.

New York, September 19.—There was a rapid and excited advance in the cotton market today, with December contracts selling at 21.43, or more than $4 per bale above last night's closing figures and very nearly two cents per pound above the low level of last week. That delivery closed at 21.23, with the general list closing very steady at a net advance of 61 to 91 points.

The market opened firm at an advance of 12 to 53 points, with the buying movement becoming more active as the call progressed, and with the late months showing the maximum gains. There was enough realizing to cause some irregularity right after the call, but more optimistic talk of peace prospects and bullish overnight spot advices appeared to stimulate covering, with demand becoming still more active after the publication of weekly weather bureau report. October sold up to 21.50, January to 21.36 and March to 21.54, or 77 to 91 points net higher before the end of the morning. Demand then slackened and nearly half the advance was lost under realizing and local selling probably encouraged by less favorable advices as to peace prospects and reports that the advance had brought in some scattered hedge selling from the south.

Business was much less active on the setback, however, and as soon as realizing subsided, the market developed renewed strength, closing within 16 to 20 points of the best. Immediate weather conditions in the south were considered favorable for picking and led to talk of increased spot offerings, but a continued good demand for September shipment was reported, and unfavorable features in the weekly weather report inspired apprehension of a reduced crop indication at the end of the month.

COTTON SCORES SHARP GAIN IN NEW ORLEANS.

New Orleans, September 19.—The advance in cotton was continued here today, the market opening at the rise and maintaining the improvement throughout the session. At the highest levels most active months were 84 to 87 points up. Profit-taking caused a minor reaction late in the day and the close showed net gains of 68 to 72 points.

Buying was stimulated by cold weather in the eastern belt, private and official crop returns indicating deterioration over the greater portion of the cotton region, complaints of insect damage, peace talk and reports of further improvement in the spot inquiry at a higher range of prices. Local spot quotations were raised by 62 points.

There were many small setbacks from the advance during the day, but none was wide, the market having no selling power, especially after 10 o'clock and the reading of the weekly crop reports, which were unexpectedly unfavorable in their mention of cold weather retarding the opening of bolls and development of the plant. The highest prices were reached after the trade had digested the unfavorable features of the weekly returns.

Spots in New Orleans.

Spot cotton steady 62 points up. Sales on the spot, 762 bales; to arrive, 1,933. Low middling, 20.37; middling, 21.00; good middling, 21.50. Receipts, 2,309; stock 85,660.

Summary for the Cotton Region States.

New Orleans, September 19.—Nearly seasonable temperature conditions prevailed over the central and western portion of the cotton region, but over the eastern portion it was 6 to 10 degrees cooler than the average for the season, with minima from 46 degrees to 62 degrees. Scattered showers occurred in Oklahoma and western Arkansas and light showers in southern Texas.

Heavy Rains—Texas, Columbus 1.48, Alice 1.40.—Cline.

Summary of Weather and Crop Conditions in the Cotton Belt for the Week Ending September 18, 1917.

Washington, September 19.—The weather was much too cool over most of the cotton area for the best development. Excessive rain fell in eastern North Carolina and heavy rains at a few places in the Mississippi valley. Conditions were favorable for picking cotton except where heavy showers occurred, and this work progressed rapidly in the south. Bolls are opening slowly in the northern part of the area due to cold weather. The top crop prospect is reported as poor in parts of Georgia, Alabama and Oklahoma. Some shedding and boll weevil damage is reported. Corn is maturing well. The weather was favorable for sugar cane, peanuts, sweet potatoes, late truck crops and for the harvesting of rice and forage crops over most of the south.—Marvin.

Synopsis of Weather and Crop Conditions in Georgia for the Week Ending Tuesday, September 18, 1917.

The weather during the past week was too cool for the best development of crops, both at the beginning and the close of the week. A touch of light frost was reported early in the week in the extreme northern counties of the state, without damage. The week was also dry, though scattered showers occurred during the middle portion, and pastures, late truck crops, vegetables and fall white potatoes would be benefited by more rain. The week, however, was favorable for harvesting crops, which is proceeding actively though there is some scarcity of labor. Cotton continues to open rapidly, and is being picked and ginned as fast as labor conditions permit. There is still some rust and shedding and the top crop will be poor, being badly damaged by the boll weevil. Gathering corn, peanuts, beans, digging sweet potatoes, pulling fodder and making sorghum syrup are proceeding actively. Considerable preparations have been made for fall oats and sowing has begun. Sugar canes are in excellent condition.

C. F. von HERRMANN,
Meteorologist, Weather Bureau.

Sales, 200 tons. Georgia meal tone firm.

PROFESSIONAL VIEWS ON COTTON SITUATION

New York, September 19.—(Special.)—The advance at one time today was approximately 8 points above the closing of Saturday and was brought about by large covering of contracts previously sold and buying by both domestic and foreign interests. Western accounts were also supposed to have bought today on the advance. The south sold some cotton but not aggressively. The weekly weather report on the whole was considered unfavorable. There were no exports reported today.

J. W. JAY & CO.

New York, September 19.—(Special.)—The cotton market today at times showed almost sensational strength. Apparently big interests are opposed on the exchange and as the short interest has largely covered on this advance we believe that sales made on rallies should prove profitable. The oil market today was without special feature and our opinion remains the same.

The state of education in Russia may be judged from the fact that there is only one village school for every 3,000 persons.

DECIDED UPWARD TURN IN STOCKS

Selling Movement Is Effectively Checked and General Marking Up of Values Reaches Substantial Proportions.

New York, September 19.—A decided turn for the better came today in the stock market. The selling movement which has made such headway of late was checked effectively, and there was a general marking up of values which reached substantial proportions before the end of the day. A noticeable change was the tendency to follow up the market on the rise. The inquiry broadened as quotations were advanced and the strength was maintained throughout the session.

Improved conditions in the money market were spoken of most frequently as a direct source of strength. Speculation has been restrained by the firmness of the money market and the doubtful outlook for obtaining accommodations. This situation was improved by the action taken by New York bankers to stabilize the money market. The putting out of large sums in loans resulted in an easing of rates. Time money was 5@5½ per cent and call funds were loaned as low as 2½ per cent.

Indications that announcements regarding steel and copper prices would soon be made at Washington helped the market on its upward course. The prolonged uncertainty in this respect has constituted one of the main adverse influences, and the tone of Washington advices today was so confident as to lead to buying in expectation of an early settlement. Another encouraging feature was the indication of steady improvement in the Russian situation, which relieved the fears felt in this respect since the coming of the recent internal crisis.

The buying came largely from the shorts, as was shown by the vigorous bidding for stocks which recently have been sold most heavily. These shares led the early advance, but the movement spread gradually through the list and there were signs of considerably increased buying for the long account, although the largest as a rule in the industrials. Some of the railroads made large advances. The movement ranged from 1 to 6 points in a long list of issues, representing all parts of the market.

The bond market was irregular. Total sales, par value, $2,900,000. United States two's registered advanced ¼. Liberty bonds sold at 99.98 to 100.

Liverpool Cotton.

Liverpool, September 19.—Cotton spot quiet; prices 15 points higher; American middling fair, 18.20; good middling, 17.60; middling, 17.15; low middling, 16.65; good ordinary, 15.70; ordinary, 15.20. Sales, 5,000 bales, including 2,700 American. Receipts, 18,000 bales, including 17,600 American. Futures 20 points higher. September, 16.07; September-October, 15.77; October-November, 15.35; December-January, 14.80; January-February, 14.70; March-April, 14.62; May-June, 14.56.

The above are all fixed prices.

New York, September 19.—(Special.)—Another sharp advance, caused largely by the covering of local shorts, who became uneasy on the buying by Liverpool houses against cotton they had sold to Manchester. This market, with Liverpool practically closed, is the hedge market for all transactions of Liverpool merchants and their orders come when they can sell to the mills on the buying side and when they buy freely in the south on the selling side. The local trades have been active in bringing about the reaction and hope it will go further. The usual deterioration reports are coming to hand, though it is well to recall that the crop has reached this date without the disaster which has been evident in four of the last five crops. From Europe came a report that Pope Benedict had stated that, as his peace proposal had been rejected, he foresaw two or three years more of war. This had only a temporary effect upon the market.

HUBBARD BROS. & CO.

Dry Goods.

New York, September 19.—Cotton goods were steadier here today and yarns quiet. Knit goods were firm and heavy goods scarce for quick delivery. Burlaps were firm, sales being made at new high prices. Raw silk was steadier with a firmer trend.

FROST UNEASINESS STILL BULLS CORN

Report That Kansas and Missouri Crops Would Not Be Safe Until September 30 Causes Advance.

Chicago, September 19.—Fresh uneasiness over chances that serious crop damage from frost was not unlikely gave an advantage to the bulls today in the corn market. Frequent violent shifts in values took place, and the close was unsettled, ⅛ to ½c net higher, at $1.19 to $1.19½ December and $1.15⅞ to $1.16 May. Oats lost ⅛ to ⅜@½c. Provisions wound up at an advance of 17 to 77.

Despite the fact that frosts which had been looked for did not appear, the corn market rallied quickly from a break that took place at the outset. Anxiety that the danger of killing frost had only been delayed, not averted, took a new clutch as a result of forecasts of frosts tonight in the northwest and because of authoritative statements that the bulk of the crop in such important states as Kansas and Missouri would not be safe until September 30.

Seaboard speculators were said to have been among the leading buyers. Heavy selling on the upturns carried prices swiftly backward several times, but in every case the reaction failed to last, as the absorptive power of the market held out robust to the end. freezing weather was reported at Minot, N. D., and unsettled cooler conditions were indicated for a big portion of the corn belt.

Oats fluctuated with corn, but showed less buoyancy on account of the comparative slowness of cash demand.

Incoming supplies of wheat at Minneapolis and Duluth were reported at nearly equalling in volume the totals of a year ago. At Chicago, however, the arrivals were far from amounting to enough to meet requisitions from millers.

Big shipments of meats stimulated a rise in the provision list. Higher quotations on hogs tended also to strengthen the market.

Chicago Quotation.

THOMAS H. JEFFRIES, Ordinary.

COST OF LOCAL WANT ADS IN THE CONSTITUTION

One time	10c a line	Each Issue
Three times	8 1-3c a line	
Seven times	7c a line	
Thirty times	6c a line	
Ninety times	5c a line	

Above rate for consecutive insertions only.

No advertisement accepted for less than two lines. Count six ordinary words to each line.

Discontinuance of advertising must be in writing. It will not be accepted by phone. This protects your interest as well as ours.

The Constitution will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

If you can't bring or send your Want Ad, phone Main 5000 or Atlanta 5001.

Courteous operators, thoroughly familiar with rates, rules and classifications, will give you complete information. And if you wish, they will assist you in wording your want ad to make it most effective.

Accounts opened for ads by telephone to accommodate you if your name is in the telephone directory. Other want ads taken by telephone are to be paid for immediately upon publication, bill to be presented by mail or solicitor the same day printed.

EVERY HOME HAS USE FOR CONSTITUTION WANT ADS.

LOST AND FOUND

LOST articles sometimes are never found, often they are stolen with no chance of recovery; but when picked up by honest persons they will get back to the owner if advertised in this column.

PERSONAL

CLAIRVOYANT & PALMIST
MME. PARKS

WHY despair when you can attain your desire? Why give up "when all is within your grasp?" She tells all, everything, the very things you wish to know. Concerning yourself and those you are interested in though many miles away. If you are in doubt or in trouble concerning business, sales, changes, courtship, love, marriage, separations, divorces, estrangement, in a word—no matter what may be your desires or ambitions, consult Mme. Parks and receive advice. Let this gifted seeress advice and direct you to the road of success and happiness. She has helped thousands and will help you. You have but to consult her to be convinced of her remarkable powers. No. 10 Essie avenue. Take Soldiers' Home car and get off at Essie avenue. Hours 10 a. m. to 7 p. m.

CLAIRVOYANT
AND GIFTED PALMIST
MADAME OMIE MALONE

HAVE YOUR palm thoroughly read and explained by a genuine palmist and clairvoyant. One naturally gifted with the power to tell the many coming events of your future life. She asks no questions, but before you utter a word she tells what you called for, names of friends, enemies; tells how to gain success in business, health, courtship, marriage, divorce, speculations and transactions of all kinds. No matter what may be your ambition, hope or fear, she guarantees to help you. Are you in trouble? Do you find the one you have bestowed your trust and affection upon acting cool and indifferent toward you? She will remove all obstacles and tell you how to win and hold the one you desire. She reunites the separated, locates absent friends or relatives, overcomes enemies, rivals, evils and bad luck of all kinds, and anything you desire to know and wish to find out. Can advise you on all affairs of life. She guarantees satisfaction or no charge.

CONGRESSMAN TILSON INSPECTS CANTONMENT

Congressman John Q. Tilson, of Connecticut, who was at Camp Gordon Wednesday assisting in the welcome to the new army of selectmen, is the ranking republican member of the house to Camp Gordon on an inspection tour, selecting this big cantonment for visitation on the day of the arrival of the second increment of 40 per cent of the whole conscripted forces from the territory embraced by the Eighty-second division.

Congressman Tilson is a military man from the practical side. During the Spanish-American war he served as second lieutenant of the Sixth United States Volunteer infantry, and at the time of his election to congress was lieutenant colonel of the Second infantry, Connecticut national guard. He is a member of the law firm of White, Daggett & Tilson, of New Haven. He was elected to the sixty-first congress and has served continuously since. Prior to that time he had served in his state legislature and was speaker of the Connecticut house during the session of 1907.

Congressman Tilson will make an inspection of other southern camps and cantonments during his present tour.

While at Camp Gordon he was the guest of Major General Swift, and was active with chief of staff, Lieutenant Colonel Preston Brown, in the reception to the selectmen who arrived during the day. In the photographs reproduced elsewhere in today's Constitution Congressman Tilson is shown with Colonel Brown leading the parade of selectmen who arrived in the first troop train of the day at 12:30 o'clock p. m., from the station to the receiving quarters.

"Fine crowd of men," was the congressman's quick but impressive comment as he fell into the advance lines with the experience of the trained military man.

During the afternoon General Swift, Colonel Brown and Major Pease, construction quartermaster, drove over the entire cantonment, and the visitor was greatly pleased with the system employed, the almost wonderful progress that had been made in construction, and with the cleanliness and perfect sanitation everywhere in evidence.

RUSSIA IS RESOLVED TO FIGHT TO A FINISH

Washington, September 19.—The Russian ambassador, Boris A. Bakhmeteff, will call upon Secretary Lansing soon to renew his assurances of Russia's determination to fight the war to a finish. The ambassador, it is understood, will say conditions in his country are improving, that there is no doubt all factional difficulties will be arranged and that Russia, united and powerful, will bend her energies to the task of driving out the Germans and lending aid in substantial form to the allied cause.

According to Russians in Washington, the Russian offensive has stiffened to such a degree that the enemy is not able to make further progress. It is not believed the Germans will be able to do more than hold their lines if indeed they are able to do that, with the coming of winter.

On the Rumanian front the situation is encouraging, for in several places of the battle line, according to late dispatches, the Rumanians and Russians have made substantial advances.

MORTUARY

Robert Lee Mitchell.

Robert Lee Mitchell, two-year-old son of Mr. and Mrs. E. M. Mitchell, of 40 Flora street, died yesterday afternoon at 3 o'clock at a private hospital. The body was removed to the chapel of Harry G. Poole, and will be carried today to Lithonia.

Mrs. Emma Knoles.

Mrs. Emma Knoles, 39 years old, of Eagan, Ga., died yesterday afternoon at 1 o'clock at a private hospital. She is survived by her husband, J. K. Knoles; two sons, Roy and Frank, and two daughters, Misses Lora and Lillie. The body was removed to Hemperly's chapel at East Point.

A. M. Daniel, Americus.

Americus, Ga., September 19.—(Special.)—Andrew M. Daniel, a prominent farmer of this county living near Huntington, died early this morning in the Americus hospital after an illness of five days. He was 60 years old and is survived by his wife, four sons, C. D. Daniel, G. E. Daniel, W. P. Daniel, R. A. Daniel; four daughters, Mrs. Audrey Daniel, Misses Tizzie, Agnes and May Daniel.

S. A. Kidd.

S. A. Kidd, 50 years old, died early Wednesday morning at the residence, 16 Dalton street. He is survived by his wife; four daughters, Mrs. J. H. Morris, Mrs. R. W. Welch and Misses Elizabeth and Ruth Kidd; six sons, Roy, of Ellijay, Ga.; John, Davis, Albert, William and James; his mother, Mrs. Mary Kidd, of Knoxville, Tenn.; two brothers, Bob and Lee, of Knoxville, and one sister, Miss Joseph Kidd, also of Knoxville.

ATLANTA'S STRIDES FROM DAY TO DAY

The L. W. Rogers chain of cash grocery stores will build a $60,000 warehouse to take care of supplies for the stores.

A permit for the warehouse building was issued by the city building inspector Wednesday.

A. V. Gude & Co. is named as contractor, and A. Ten Eyck Brown as architect.

Plans and specifications call for a structure three stories in height and of concrete and fireproof construction. It will be erected at No. 540 Whitehall street, between Stewart avenue and the Central of Georgia railroad crossing.

$500—Same to same, same property, due on demand. August 31, 1917.

ONE MAN OUT OF EVERY FOUR FAILS

It Is Reported That in the Recent Examination for Student Officers One Man Out of Every Four Was Physically Incapable and Didn't Know It.

The inexorable law of nature is "Survival of the fittest." Good health is the world's greatest possession—far greater than the combined wealth of the world.

And the human system is the most intricate piece of mechanism known to science. It must be kept in "gear" at all times if one is to maintain perfect health. Just let one delicate organism fall behind in performance of duty and sooner or later the whole human machine is wrecked. The one thing that causes more illness and nervous breakdowns today than anything else is habitual constipation. It will eventually wear away the resisting power that so well protects the system from disease. One of the best medical preparations on the market for this unfortunate condition is a harmless vegetable compound known as Vito-Rex. This preparation has been found peculiarly effective in treating affections of the stomach, liver and digestive tract. As the doctor very aptly says, "It is good for your stomach's sake and makes you feel fit and sound." Although Vito-Rex has only recently been introduced into the southern field, you can very likely get it from your druggist. If he hasn't it in stock, however, he can easily get it for you. This preparation is pleasant to take. You can usually see good results from its use after taking a dose or so. Price $1 per bottle. Orders may be sent direct to the distributor for this section, F. D. McNew, 215 Rhodes Building, Atlanta, and your order will be promptly filled.—(adv.)

LODGE NOTICES

An Ivory Enamel Bedroom Suite

Which Wins the Heart of Every Woman
Who Loves Dainty Furniture for Her Boudoir

DISTINCTLY feminine; true inline, as you can see from the picture, to the Queen Anne period; staunchly built of selected wood, as only the good Grand Rapids factories make furniture—there you have a thumbnail sketch of this adorable suite, which is one of the show-piece sets in our Furniture Shop on the Fourth Floor.

The Five Pieces Pictured Are Buyable for $252

—Vanity dresser 55 inches wide is $95. The 48-inch chiffonier is $45. Twin beds are $50 each. The rocker is $12.

—Construction throughout is all that it should be—dust-proof partitions between drawers, mahogany drawer linings, and all that sort of thing.

—In stock to match this suite, we have a double bed for $50, dresser at $58, triple mirror toilet table at $46, and toilet table chair at $11.

—It is upon furniture of this character that the splendid Rich furniture reputation has been builded.

When desired, Rich furniture may be purchased on this convenient basis: 10% down and the remainder in nine even monthly payments of 10%. No interest charges, and prices are always the same whether for cash or terms.

How to Read a Balance Sheet

A Balance Sheet is a list of Assets and Liabilities.

Assets are what we own. Liabilities are what we owe.

Not every one can interpret them correctly. Statements of this kind verified and certified to by a Certified Public Accountant make for a healthy financial condition.
